Message of 2021

Working together for unity, justice and peace

In 2021, against the backdrop of an extended COVID-19 pandemic, the world struggled through another year of economic downturn and escalating conflicts, all of which have added great uncertainties to the already difficult times. There was global consensus that the only certainty is uncertainty itself.

The only way to overcome such difficulties was to gather our collective strength and move forward. Under the leadership of the Amity board, every single Amity staff member contributed greatly to fulfilling Amity's mission. They inspired millions of individual supporters and more than one hundred companies to make over one million donations to 366 philanthropic projects initiated by Amity and NGO partners during the Philanthropy Giving Day.

Through these projects, 520 social organizations received training in capacity building; 16,000 orphans in 141 counties were supported; 860,000 people benefited from our public health projects and "Papa and Mama's Canteen" provided lunch boxes to the marginalized elderly through 130 lunch stations all over the country. Importantly, all these projects could not have been accomplished without the support of volunteers and we are totally grateful that in 2021, 15,000 people registered as Amity volunteers. We made outstanding progress in our outreach and communications through the posting of 1,300 messages on various media platforms and attracted 31,000 new "followers" who registered with Amity's social media platforms. Beyond expectations, and despite Covid-related restrictions, Amity was able to host 61 events and activities throughout the year.

Reflecting the high levels of public appreciation for our work, Amity has been able to maintain its

top rank as a “5A” social organization after evaluation by the Civil Affairs Ministry. We also take great pride in the fact that the “Amity Team for Combatting the Pandemic” has been awarded the 11th China Charity awards, one of the highest awards given in recognition of an NGO’s contribution to charity and philanthropy. In more innovations, Amity became one of the first NGOs to use an electronic donation receipt system. This contributes immensely to promoting greater organizational transparency in the civil society sector. Last but not least, Amity was able to implement development programmes in eight countries in Asia and Africa.

It is heartening to report that total donations received for Amity’s work in 2021 reached a new peak of RMB 434 million, an equivalent of over USD 65 million. All this would not have been possible without the great support from our partners at home and abroad. We are thankful that donors have been generous. However, in comparison with the vast sea of needs, what we were able to accomplish is no more than a drop in the ocean.

The motto for the Beijing Winter Olympics is “Towards a Shared Future”. We anticipate a shared future imbued with justice and righteousness. “Let justice roll down as waters, and righteousness as a mighty stream”. In a world with unprecedented challenges and difficulties, we are committed to unite our efforts, and to work together with all our partners, at home and abroad, for a world of justice and peace.

Auditors' Report

JIANGSU HUAHONG CERTIFIED PUBLIC ACCOUNTANTS CO.,LTD

Nanjing, China

March 30, 2022

JIANGSUHUAHONGCERTIFIEDPUBLICACCOUNTANTSCO.,LTD

Auditors' Report

NO.SHHC002/2022

The Board of Directors of the Amity Foundation:

I. Opinion

We have audited the financial statements of the Amity Foundation, which comprise the statement of assets and liabilities of the Amity Foundation as of 31 December 2021, and the operating activities statements, the statements of cash flows for the year then ended, and notes to the financial statements.

In our opinion, the financial statements of the Amity Foundation have been prepared in accordance with the Accounting Systems for Not-for-profit Organization, and present fairly, in all material respects, the financial position of the Amity Foundation as of 31 December 2021 and its financial performance and its cash flows for the year then ended.

II. Basis for opinion

We conducted our audit in accordance with the Standards on Auditing for Certified Public Accountants. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the Amity Foundation in accordance with the China Code of Ethics for Certified Public Accountants, and we have fulfilled our other ethical responsibilities in accordance with these codes.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

III. Other information

Management of the Amity Foundation is responsible for the other information. The other information comprises the information included in the Annual Report, other than the financial statements and our auditor's report thereon.

IV. Responsibilities of the management and those charged with governance for the

financial statements

Management is responsible for the preparation of the financial statements that give a true and fair view in accordance with the Accounting Systems for Not-for-profit Organization, and for such internal control as management determines is necessary to enable the preparation of the financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Amity Foundation's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intend to liquidate the Amity Foundation or to cease operations or have no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Amity Foundation's financial reporting process.

V. Auditors' responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our audit opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with the auditing standards, we exercise professional judgement and maintain professional skepticism throughout the audit. We also

- a) Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- b) Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the internal control.

- c) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- d) Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Amity Foundation's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Amity Foundation to cease to continue as a going concern.
- e) Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

**INDEPENDENT AUDITOR'S REPORT
TO THE MEMBERS OF
AMITY FOUNDATION, HONG KONG**
(incorporated in Hong Kong with limited liability)

Opinion

I have audited the financial statements of Amity Foundation, Hong Kong ("the Foundation") set out on pages 8 to 13, which comprise the statement of financial position as at 31 December 2021, and the income and expenditure statement for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In my opinion, the financial statements of the Foundation are prepared, in all material respects, in accordance with the Hong Kong Small and Medium-sized Entity Financial Reporting Standard ("SME-FRS") issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA") and have been properly prepared in compliance with the Hong Kong Companies Ordinance.

Basis for Opinion

I conducted my audit in accordance with Hong Kong Standards on Auditing ("HKASs") and with reference to Practice Note 900 (Revised) Audit of Financial Statements Prepared in Accordance with the SME-FRS issued by the HKICPA. My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I am independent of the Company in accordance with the HKICPA's Code of Ethics for Professional Accountants ("the Code"), and I have fulfilled my other responsibilities in accordance with the Code. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Other Information

The directors are responsible for the other information. The other information obtained at the date of this auditor's report comprises the information included in the directors' report set out on pages 1 to 2, but does not include the financial statements and my auditor's report thereon.

My opinion on the financial statements does not cover the other information and I do not express any form of assurance conclusion thereon.

In connection with my audit of the financial statements, my responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or my knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work I have performed on the other information obtained prior to the date of this auditor's report, I conclude that there is a material misstatement of this other information, I am required to report that fact. I have nothing to report in this regard.

Responsibilities of the Directors for the Financial Statements

The Directors are responsible for the preparation of the financial statements in accordance with the SME-FRS issued by the HKICPA and the Hong Kong Companies Ordinance, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

**INDEPENDENT AUDITOR'S REPORT
TO THE MEMBERS OF
AMITY FOUNDATION, HONG KONG**
(incorporated in Hong Kong with limited liability)

(continued)

Responsibilities of the Directors for the Financial Statements (Continued)

In preparing the financial statements, the Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so. The Directors are responsible for overseeing the Foundation's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

It is my responsibility to form an independent opinion, based on my audit, on those financial statements and to report my opinion solely to you, as a body, in accordance with section 405 of the Hong Kong Companies Ordinance and for no other purpose. I do not assume responsibility towards or accept liability to any other person for the contents of this report.

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSAAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with HKSAAs, I exercise professional judgment and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Foundation's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Directors.
- Conclude on the appropriateness of the Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Foundation's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my auditor's report. However, future events or conditions may cause the Foundation to cease to continue as a going concern.

Project Reports

Rural Revitalization

Rural revitalization has been one of Amity's focuses. By holding Rural Revitalization Summit and participating in conferences such as China Charity Fair and China Community Supported Agriculture Conference, Amity learned about sector trends, make new partners, and explore high-quality projects. Leveraging on the development of online charity and offline corporate social responsibility, Amity channeled domestic resources, designed and carried out 55 projects related to rural revitalization in 50 counties and cities of 20 provinces.

Amity's integrated development projects, taking rural industry, traditional culture and rural finance as the carrier, aim at the improvement of the community governance system and capacity, which makes it possible for self-help, mutual assistance and sustainable development in rural areas. In addition to Amity's traditional project areas including Yunnan, Guizhou and Qinghai provinces, Amity carries out new projects such as social practice, garbage classification, beach cleaning, and citizen scientists in Hunan and Guangxi provinces.

PHILOSOPHY:

To help people help themselves and to help people develop

Education plays a leading role in the implementation of the rural revitalization strategy. Only when the overall level of rural education is upgraded, more people will be able to serve the sustainable development of economy and society of the countryside. Therefore, Amity highlights children and adolescents in rural areas. By supporting the facilities, mental health and social adaptability of the youngsters, Amity is committed to caring for their growth and promoting education equality.

In addition, rural elderly care and development of rural service forces take a key part of Amity's work. Amity cooperates with 46 elderly care institutions across the country to carry out Amity Papa and Mama's Canteen Program in 28 of China's 31 mainland provinces, municipalities and autonomous regions, in an aim to build a rural elderly care service system.

Since the end of 2018, Amity has paid attention to the needs of women and children in underdeveloped areas on living and development difficulties, and designed targeted projects to provide protection, development opportunities, and parenting advocacy, so that women will truly become rural revitalizers. Among the projects, Amity Sprouts on Earth initiated together with Alibaba Charity has become one of the most prominent strategic projects of Amity with large capital volume, integrated service, wide coverage and strong brand effect.

The Sino-Mongolian Beaver Conservation Program has helped the population of the species increase by 20% in the past 4 years

Integrated Community Development and Disaster Management

In 2021, the Amity community development and disaster management team managed 67 projects, covering six foreign countries as well as 151 counties in 31 provinces in China, benefiting over 280,000 people.

Throughout 2021, Amity set up 52 canteens under Papa and Mama's Canteens Program for the elderly living in difficulties in more than 20 provinces, municipalities and autonomous regions. Amity took the program as a platform to promote mutual assistance in communities. In addition, through projects and activities such as setting up community funds, Amity promoted mutual assistance in villages, improved community governance awareness and capacity of villagers. This created more possibilities for village cooperation and subsequent development.

During the 2021 summer flood season, Henan and Shanxi provinces suffered from extreme rainstorms and floods. Amity raised over RMB 40 million for Henan flood response, carrying out emergency rescue and transitional resettlement in more than

500 villages and communities in 41 counties of 11 cities in the province. During the emergency rescue, Amity staff in Nanjing headquarters were unable to go to the disaster area due to Covid-19 restrictions in Nanjing, so staff from Shanghai and Kunshan were dispatched to work at the front line. Moreover, two transitional depots were set up in Xinxiang and Hebi, which represented the first attempt in Amity's history to set up transfer warehouses for supplies in the disaster areas to improve efficiency. Amity raised over RMB 7 million for Shanxi flood response, and carried out emergency rescue and transitional resettlement in nearly 100 towns in 14 counties of 5 cities including Jinzhong, Lvliang and Linfen, providing supplies such as food, daily necessities, rescue equipment and disinfectants.

In 2021, Amity incorporated ecological agriculture, water source protection, waste sorting and biodiversity protection into projects such as rural revitalization, education and traditional culture protection. The aim of this is to advocate the mainstream adoption of environmental protection in social-economic activities. In particular, Amity focused on biodiversity-related projects, carrying them out in Tajikistan and nine domestic provinces, municipalities and autonomous regions. These projects involved biodiversity monitoring, community protection and public education.

Education Support

PHILOSOPHY:

To Promote educational equity and support students in rural areas in obtaining continuous quality education. To promote the all-round development of orphans and children at risk and care for their growth, development and social integration.

Amity supported 15,699 orphans in 141 counties of 16 provinces across the country to improve their learning and living conditions and support their growth and development. In 2021, Amity launched a new project data management system, which digitalizes information updates and feedback for Amity Orphan Fostering Project and provides functions for donors to manage their donations. In 2021, the Amity Orphan Fostering Project was recommended as Dynamic Charity Project of the Year by the Internet Good Summit.

Amity's education programs including the Amity Scholarship Program, Future Engineers Project and Dream Sports Pack Project served 89,118 people in 71 counties of 14 provinces including Sichuan, Yunnan, Guizhou, Henan, Qinghai, Hubei, Jiangsu and Anhui. These education programs paid particular attention to holistic development based on the basic needs of the beneficiaries. Through program design, Amity promoted active participation and thinking among students. In addition, through volunteering activities, Amity strengthened interaction and connections with the students.

Health Care

In 2021, Amity designated “health for all” as its overall work goal, guided by national policies including the Healthy China 2030 Blueprint, the Outline for Women’s Development in China (2021-2030), the Outline on the Development of Chinese Children (2021-2030), and the Outline of the 14th Five-Year Plan (2021-2025) for National Economic and Social Development and the Long-Range Objectives Through the Year 2035 for its action. Amity made efforts in improving the medical and health conditions in underdeveloped areas and enhancing the service capabilities of medical workers by promoting people-oriented basic medical services and a public health system for disease prevention and control. At the same time, Amity focused on maternal and child health and adolescent health. By continuously improving the health awareness and behavior of target groups, Amity worked hard to improve the health service system and people’s health literacy, while building a sustainable and healthy society, advancing toward the goal of a healthy China.

Amity carried out 24 medical and health projects in 30 counties and cities in 15 provinces across the country, including nutrition support and management, maternity kit distribution, medical equipment support, training for medical workers, volunteers and the general public, cloud classroom for village doctors, health station, child care, AIDS prevention lectures for college students and assistance for women in distress, directly benefiting 470,000 people.

A training for village doctor in Minquan Village of Henan Province

Amity Rural Medical Support Program focused on improving the medical environment in village clinics and empowering village doctors in a sustainable way. With blockchain management technology, the program achieved transparent resource channeling and content output, optimized the three-level basic medical network, and built a "PLW (Point, Line and Web)" service structure. The program, covering five counties in four provinces including Shanxi, Hebei, Henan, and Shaanxi in 2021, provided medical equipment for 317 village clinics, and supported 61 village doctor training sessions, benefiting over 300,000 people. In addition, Amity built the "Village Doctor Cloud Classroom" platform together with Alibaba Foundation and Alibaba Health in order to

improve the skills of village doctors in the project areas and enhance the digital capabilities over the project. 23 online trainings were held with nearly 500 village doctors participating.

2021 marks the third year of Amity Sprouts on Earth Maternal and Infant Health Care Campaign (Sprouts on Earth Project). This year, through innovations on content, methods and technology, the program provided effective solutions for tackling maternal and infant health problems in underdeveloped areas. It also represents an effective attempt by social forces to participate in rural revitalization. In 2021, Sprouts on Earth covered 15 counties in seven provinces, benefiting 622,000 people.

PHILOSOPHY:

To practice institution-based, community-based and home-based service for the elderly and combine nursing with rehabilitation and hospital care. We are dedicated to carrying out holistic services and creating a demonstrative elderly care entity. Following the approach of “people first”, “helping people to help themselves” and “holistic care”, we strive to protect their rights to development and social participation, and promote public understanding, acceptance and tolerance.

In 2021, Amity Philanthropy Valley continued to improve the quality of integrated elderly care services. For institution-based elderly care service, the room occupancy rate reached 85%. For home-based elderly care service, Amity's 21 community elderly care centers in Qixia, Gulou and Yuhua districts serve over 11,000 elderly members, comprised of one AAAAA-level center, four AAAA-level centers, nine AAA-level centers and seven AA-level centers.

Amity Friends of the Alzheimer's Program held five large-scale training sessions in Nanjing, Chongqing, Chengdu, Xi'an, and Urumqi, with more than 300 offline audiences and more than 300,000 online audiences. In addition, Amity carried out advocacy of a dementia-friendly society, printed and distributed more than 10,000 copies of dementia prevention manuals, developed 170 dementia-

friendly organizations, and published 5,000 copies of the "Guidebook for Dementia Caregivers" compiled by the Amity Philanthropy Valley team. These guidebooks were distributed to 43 friendly groups in western China.

With the support of the Qixia District Disabled Persons' Federation, China's first Internet Marketers Training Base for People with Disabilities was established in Amity's Shanshuiyuan Care Home. The Base not only provides a platform for people with disabilities to show themselves and communicate with the world, but also helps them build confidence. As of December, a total of 31 live streaming activities had been broadcast.

Amity cooperated with over 20 social welfare care centers across the country and supported over 200 children

to stay with foster families so they experience family care and warmth. 33 "Amity Grandmothers" provided family-like care for special children in 10 social welfare care centers. More than 80 special young people and 8 special education teachers received Amity sponsorship to guarantee the young people's school learning or vocational training. Moreover, Amity cooperated with Chengdu Yuni Tongxing Social Service Center to provide services and assistance to families of children with disabilities in Sichuan and surrounding areas, offering reliable and long-term service plans for families of the disadvantaged.

Amity's inclusive education project extended from schools in the east to the west of China. As of 2021, there were dozens of schools in nine regions cooperating with Amity to implement inclusive education.

Amity also held two seminars on this subject in Zhejiang and Sichuan provinces respectively. Through Amity's six-year exploration and practice in Quzhou, this project was selected as a model project in China and its experience was shared in the 2021 International Seminar on Inclusive Education.

Amity Bakery and Amity Home of Blessings further cooperated in 2021. On average, 17 trainees from Amity Home of Blessings participate in work and vocational trainings in Amity Bakery every day. Through immersive training in the past few years, the trainees made great progress: in addition to daily workshop production and sales service trainings, they also engaged in e-commerce services, tea break services, packaging and delivery, and charity sales. These endeavors helped bolster their confidence.

Amity Child Development Center, which serves children with autism aged 0-7, was relocated to a new site in 2021. The floor space of the site increased from 300 square meters to 1,280 square meters. With the upgrading of the

Foster families

teaching areas, Amity also added eight functional classrooms, including language training room, sensory integration room, sensory room, scenario room, music room, art room, physical training room, and science laboratory, further enriching the applicable scenarios of the courses. Furthermore, based on the characteristics and development needs of students, the center launched new courses such as Lego, picture talk, writing and physical intelligence. These courses connect classroom studies with real life,

social practice, and educational development, with attention to the students' developmental abilities and social adaptability. Compared with ordinary schools, special education pays more attention to home-school communication, parenting training and capacity building for parents. Amity believes only when the concept and actions of home and school education are consistent can a more suitable growth environment be created for children with autism.

Sector Development

In 2021, Amity enhanced its institutional management, capacity building and project innovation centering around policy guidelines such as Party-building in social organizations, quality development of social organizations, social organization cultivation in communities, innovation in community governance, common prosperity and the “third distribution”, and promoting social workstations, epidemic prevention and control and disaster relief.

Amity’s NGO development work covers Nanjing, Nantong, Wuxi and Suzhou, benefiting over 25,000 people cumulatively. In 2021, Amity managed RMB 45 million in government resources, with 891 charity projects under its management and monitoring. Amity provided training and assessment services for 1,043 social organizations and organized 142 charity events, with nearly 5,000 participants cumulatively.

PHILOSOPHY:

By carrying out research and communication on charity culture based on practices, Amity participates in exchanges and experience sharing to support the healthy development of the sector and its ecology. Taking "government guidance, social participation, and independent operation" as the principles, Amity is dedicated to nurturing and serving all kinds of social organizations.

NANJING

Nanjing: In terms of platform operation, Amity NGO Development Center supervised 154 projects, supported the civil affairs department in carrying out grading evaluation on 366 social organizations, and assisted 47 social organizations in obtaining grade-AAA or above. In terms of capacity building, Amity collaborated with the municipal Women's Federation and other departments to set up general and customized courses, especially 59 flagship customized courses attracting 5,000 participants. In terms of community governance, Amity focused on the cultural element in rural revitalization, helping upgrade the "Happy Grandma, Fantastic Waisha" project in Baguazhou Waisha Village by giving villagers new media training to record their happy memories. In terms of research and advocacy, Amity's research "Intervention of Social Work in the Construction of Social Assistance System – Reflections on Practice of Service-oriented Social Assistance in Qixia District of Nanjing" won the third prize of the 2021 National Civil Affairs Policy Research Award; and the "Grain Plan for Community Social Organization Development", which was based on the research results of community social organization development in Guli Street of Jiangning District, was credited as the High-quality Development Case of Social Organizations in Jiangsu Province.

NANTONG

Nantong: In terms of Party-building in social organizations, Amity built a service platform, which was awarded as the "Jiangsu Provincial Demonstration Site for Party Building in Social Organizations". In terms of project development, Amity focused on the building of social workstations, the systematic evaluation of home-based elderly care and the care and protection of vulnerable children while expanding projects such as the "Operation of Coastal Child Care Homes", the Online Verification of Elderly Care in Tongzhou District of Beijing, and the Training and Supervision of Juvenile Judicial Social Workers in Nantong.

WUXI

Wuxi: In terms of community NGO development, Amity successfully applied for the "2021 Central Government Funding for Social Organizations Participating in Social Service Projects - Community Social Organization Professionals Training Program", which was welcomed by community social organization professionals as its diversified teaching enhanced the ability of the community social organization leaders. In terms of social workstations, Amity served as a platform and provided services such as project supervision, training, and channeling resources, aimed at promoting all kinds of participation in social governance.

SUZHOU

Suzhou: Amity completed the transformation of the first social workstation demonstration site in Kunshan in 2021, which has since generated great social influence. In terms of branding, Amity's "Hello Neighbors - Benevolent Companion" project focused on community social organization cultivation and guiding these organizations to participate in community governance. The project yielded outstanding results. Through communication with Kunshan Civil Affairs Bureau, Amity transformed the Tinglin Social Workstation into the city's first social workstation demonstration site.

Religion-based Philanthropy

PHILOSOPHY:

To encourage religious communities to get involved in charity and to facilitate mutual understanding and interaction among different religions, or between religious communities and all sectors of society.

Love Your Neighbor Project giving free haircut to the elderly

The Amity Dorcas Fund project aims to carry out life education in a systematic and humanized way and provide high-quality hospice care for patients with terminal illness. In the future, in addition to elderly hospice care services, the fund also plans to explore the field of child hospice care. Following a breakthrough in fundraising in the face of Covid-19, Amity Dorcas Fund gave an immersive achievement report in Shanghai in November. The event, which attracted more than 1,000 people to the site, was sponsored by 35 caring companies and also attracted 29,000 views online through live streaming. The Dorcas volunteers team was credited as the "2021 Excellent Volunteer Service Team of the Year" by Shanghai Linfen Street Community Health Service Center for their thoughtful service.

The Amity Rose Charity Fund, Amity Spring Rain Charity Fund, Church Philanthropy Fund and other special funds are developing steadily. The Jiangsu Church Philanthropy Fund achieved great results under the strategic plan of "one brand for one place", and the Jiangsu Love Charity Fund has also achieved breakthrough results this year. Following Zhenjiang, Kunshan and Changzhou, Wuxi Church started its support of the development of Amity Wuxi Center. The Head of Wuxi Christian Council expects more plans to build a brand for Wuxi church in cooperation with Amity in the field of charity and social service in the future.

Based on the development needs of Amity projects and the organization as a whole, Amity carried out macro-issue research and strategic planning and composed the "Amity Internationalization Strategy" and "Amity Strategic Plan (2021-2025)". As one of the earliest Chinese social organizations that work abroad, Amity's international work attracted academic attention. "The 'Chinese Dream' in Philanthropy: Exploration of the Amity Foundation in Internationalization" was included in The Development Report of China's Philanthropy Internationalization compiled by a professor at Renmin University of China.

Amity organized or participated in research on religion and philanthropy, child development, elderly service and sinicization of religions, and engaged in the evaluation of the sinicization index of Christianity in Nanjing churches.

Internet Philanthropy

PHILOSOPHY:

By leveraging on Internet technology and thinking, Amity advocates connectivity and provides partners with support in fundraising, institutional management, and capacity building, aiming to jointly promote the social influence of the third sector.

By the end of 2021, total fund raised online by Amity through 15 years' experience in Internet philanthropy reached RMB 1.24 billion. In 2021, Amity cooperated with new fundraising platforms such as ByteDance (China) CSR, Bilibili Charity and Mango Charity. During Tencent "99 Giving Day", Amity launched 366 charity projects with 231 organizations, raising RMB 98.32 million from 1.04 million donors. At the same time, with the IP "Little Safflower" created by Tencent Charity, Amity organized various activities to interact with the public both online and offline, aiming to integrate charity into public life.

Amity raised over RMB 104 million for its three programs: Flagship Projects, Amity Alliance Plan, and Amity Stream Monthly Donation Program. In 2021, Amity launched our "XIN 100 Program". The plan aims to cooperate with outstanding social organizations within the next 3 to 5 years, to nurture at least 100 projects (the "XIN 100 Projects"), mobilizing more than 10 million merchants and 1 billion consumers, so as to promote innovation of project models and build credible digital infrastructure for the sector.

In 2021, an electronic invoicing system was developed and launched. It connects Amity platforms (including Amity website, accounting system, Alipay, WeChat, and other third-party platforms) with an electronic invoicing system, allowing donors to issue invoices by themselves, which greatly improved the donating experience.

In terms of united solicitation, the 4th A+ Partner Capacity Building Camp was successfully held in May, which provided Amity partners with the latest information updates, new media operations, fundraising and project management knowledge, and built a platform for exchanges. The camp attracted representatives of social organizations from 21 provinces and municipalities, as well as speakers specializing in fundraising, publicity and platform operation.

Brand Promotion

PHILOSOPHY:

To spread Amity's culture of benevolence, promote Amity's brand, build a platform for public participation, further the goals and enhance the social impact of Amity.

In 2021, the Amity Foundation published about 1,300 reports/posts/videos through its official accounts on platforms such as Amity's website, MicroBlog, Weibo, Douyin (the Chinese version of Tiktok), Kuaishou, Bilibili, WeChat Video, Alipay Life, and Toutiao, with over 42 million clicks and an increase of over 31,000 followers. At the same time, Amity's outreach through collaborations on partner accounts and platforms exceeded 60 million clicks.

Amity actively promoted events and project activities via its own website and social media platforms while cooperating with mainstream media in China. Reports about Amity on mainstream media such as China Philanthropy Times, Xinhua Daily, China News Service, The Paper.cn, and CPPCC Daily attracted more than 5 million clicks. Apart from creating content, Amity intensified resource allocation through collaborations with platforms on online and offline promotion campaigns. Moreover, while upgrading Amity's official website and enhancing information disclosure for transparency, Amity continued making its voice heard through 11 media

Chinese website

platforms in a timely, accurate and comprehensive manner.

In addition to participating in China Charity Fair and the 4th Annual Meeting of Responsible Leaders and co-organizing a parallel forum for the 2021 annual assembly of China Foundation Forum, Amity also held 10 sessions of "Chuan Yi Salon", 6 sessions of "Chuan Yi Dialogue", and organized 10 seminars for "Charity Rule of Law Roundtable" series.

In 2021, 157 companies made donations to Amity to fulfill their corporate social responsibilities,

of which 15 donated an amount of over RMB 500,000. During the year, Amity established the Amity Charity Calligraphy and Painting Institute, aiming to combine art and charity. More than 200 pieces of artwork have been donated to Amity to foster cultural activities with charity, and to inspire cross-sector cooperation and innovation. The 3rd "Amity Cup" Table Tennis Game was held in Nanjing, attracting 118 teams including 13 medical workers' teams fighting against Covid-19. The proceeds were donated to Amity's projects supporting marginalized children through sports.

AMITY FOUNDATION (HONG KONG)

In 2021, the Amity Walk for Living Water (WLW), defying all odds during repeated lockdowns in Hong Kong, was successfully organized in the “virtual” format for the 11th time in spring, attracting 348 participants. We owed much to our volunteers and walkers pledging quests both home and abroad. A total of HK\$440,000 was raised from the Amity Living Water Campaign to support Amity to spread its international project footprints to five countries, namely Myanmar, Nepal, Cambodia, Kenya and Sri Lanka. Amity’s local partners used the funds to establish water systems for the villages, so that people there could have easier access to clean water.

We worked with a local school in Hong Kong to raise HK\$36,000 for a Cambodian primary school to build a photovoltaic system as part of the Amity Torch Project Initiative, enabling children there to study in the dark hours to make up for learning lost due to lack of educational resources and the Covid-related closures. As part of our advocacy work, Amity HK organized five online town halls in 4 secondary schools in Hong Kong to bring global issues to the forefront of experiential learning in 2021. The hundreds of students attending gave encouraging feedback, expressing strong desires to know more and volunteer to help those in need in less developed countries.

In 2021, Amity HK did its modest part in supporting people affected by the Covid-19 pandemic and natural disasters in different parts of the world.

In Spring, finally Amity HK was able to help 350 families at the point of starvation in Nepal, and provide subsidies, rice and PPE to people worst hit by Covid-19 in 133 churches and community groups in Myanmar, responding to urgent appeals from local partner Transform Nepal and our Myanmar partner the Toungoo Diocese.

The July floods in Henan in north China was one of the worst for decades. Working closely with Amity headquarters, Amity HK succeeded in getting relief aid of HK\$7.969 million from the Disaster Relief Fund (DRF) of the government of HK Special Administrative Region. The joint mobilization provided humanitarian assistance to 19,945 families.

Meanwhile, Amity responded to Sri Lanka local partners' appeal to support their fight against Covid-19 after a successful appeal through AlipayHK brought in over HK\$10,000. The donation was provided to 5 hospitals in Sri Lanka to purchase electrical appliances.

The Breakout Project and the Future Engineers Project that subsidize senior secondary students in pursuing their dream for a better education have received strong support from the China Candlelight Educational Fund and some senior HK citizens of the KC 63 Foundation. The total endowment of HK\$2.92 million from the two groups are being applied to benefit 290 students in Guizhou, Chongqing, Sichuan, Qinghai and Xinjiang. To better engage the donors, a virtual meeting was arranged allowing the senior citizens to interact with student representatives, teachers and their school in Guizhou.

Amity HK joined hands with several teams in the Amity family to oversee 14 projects funded by the CWM/Nethersole Foundation involving elderly care, children at risk and services for the physically challenged. Separately, our joint effort hatched two environmental protection projects amounting to US\$75,220 involving marine conservation and a low-carbon future. In the same vein, Amity HK supported colleagues at the Amity headquarters to help 93 girls from humble backgrounds to study in 4 Guizhou universities and 29 disadvantaged children to enjoy quality education.

International publicity and outreach was kept up through the Amity English website, newsletter and social media platforms such as YouTube, Facebook, Instagram and Twitter sharing Amity's work with the overseas audience, attracting hundreds of thousands of views in 2021. Colleagues also represented Amity in publications and events of overseas partners and in international networks such as the UCC Love and Justice Conference, and as guest lecturers at the University of Hong Kong (HKU).

SHANGHAI RENDE FOUNDATION & SHANGHAI AMITY PHILANTHROPY RESEARCH CENTER

The year 2021 marked a new high for Rende Foundation in fundraising, with an annual income of RMB 103 million. Based in Shanghai, Rende Foundation worked across the country. In 2021, a total of 116 projects were carried out across the country, covering child care, educational support, rural revitalization and community development. In addition, Rende continued developing its NGO development program and focused on supporting the development of community and grassroots organizations in Shanghai. Rende cooperated with Shanghai Powerlong Foundation to establish a special fund named "Powerlong Community Action", dedicated to promoting the high-quality development of community philanthropy in Shanghai.

In July, a devastating flood hit Henan. Rende immediately dispatched a rescue team to respond to the disaster in a joint relief action, including investigation, procurement and distribution, as well as repairing school buildings during post-disaster reconstruction and supporting students to continue their studies.

In terms of sector advocacy, Rende held an event "Breaking Walls, Integration and Common Good - Fundraising and Cooperation Salon", discussing fundraising with over 30 Shanghai local practitioners. Rende also held the "912 Love Charity Sales" together with over 20 social organizations. Rende participated in the Charity Law amendment discussion and drafting project initiated by Institute for Philanthropy of Tsinghua University, Institute for Philanthropy Development of Shanghai Jiao Tong University, and Shanghai Legal Centre for NGO, in order to provide support for a law-based sector.

Rende Foundation was listed among the Shanghai Top 10 Social Organizations of the Year 2021. Rende gained full score in China Foundation Transparency Index.

Amity's project was awarded by gongyi.ifeng.com in Guangzhou

Throughout the year, Amity Guangzhou supported 54 partners in fundraising for 76 projects on Tencent Charity, Alipay Charity, and other platforms. Total amount raised reached RMB 20.08 million. During the Charity Day of China on September 5 and "99 Giving Day", Amity Guangzhou mobilized 160,000 people donating for 52 projects and raised a total of RMB 14.5 million. During the 5th Citywide Charity Appeal sponsored by Amity Nanjing and Amity Guangzhou, 10 outstanding organizations were shortlisted, raising over RMB 13.5 million,

with support from corporations and the media. In 2021, Amity Guangzhou was credited as "AAA-grade Social Organization" and "Guangzhou 2021 Four-Star Charity Organization of the Year".

In terms of capacity building, Amity Guangzhou hosted 41 online and offline trainings and other activities in 2021, attracting 1,459 practitioners from 721 organizations and 862 community residents. The empowering courses foster practical skills of participants' fundraising efforts. Moreover, training and consultation were offered to participants on monthly donations and the annual "99 Giving Day". Leveraging on the rich experience of Amity Philanthropy Valley Elderly Care in Nanjing, Amity Guangzhou succeeded in cultivating government purchases to train elderly care professionals and promote the development of the elderly care sector in Guangzhou.

AMITY BEIJING OFFICE

Representative of Amity Beijing attended the online seminar "Story of the United Nations" and gave a presentation to introduce the establishment of the Amity Geneva Office and its cooperation with the United Nations. The staff also participated in a "Going Global" capacity building seminar and informed about Amity's efforts and work in implementing the Sustainable Development Goals (SDGs).

In addition to sector seminars, Amity also supported sector research. Amity cooperated with Associate Professor Xu Ying from the School of International Studies of Renmin University of China to co-author an article "Seizing International Opportunities - Internationalization of Chinese Social Organizations", which was published in the core journal "Beijing Cultural Review" under the Chinese Social Sciences Citation Index (CSSCI). The article introduced Amity's participation in the UN humanitarian aid system through joining ICVA and the significance for the internationalization of Chinese social organizations.

Amity Torch Project in Ethiopia

Amity's General Secretary Ling Chunxiang, on behalf of Amity, ran for the Board member of International Council of Voluntary Agencies (ICVA) and Amity became the first Chinese board member in May 2021, after joining ICVA as the first Chinese NGO in its history a year earlier. Amity's seat on the board of ICVA is a milestone in its efforts to work with a global network of NGOs to influence policy and practice.

Since 2015, the Amity Foundation has made great efforts in "going global". Amity carried out disaster relief and education projects in Ethiopia, Kenya, Nepal and many other countries, focusing in particular on educational equity.

Amity Torch Project was initiated to reduce school dropouts among disadvantaged children in developing countries by providing them with financial support and subsidies. The project promotes the development of local education and educational equality. Since the launch of the program in 2020, more than RMB 5 million had been raised. The program benefited a total of 5,760 vulnerable children in eight countries, including Nepal, Sri Lanka, Cambodia, Philippines, Thailand, Kenya, Ethiopia and Uganda, ensuring their education and alleviating their families' financial pressure. In 2021 alone, the program provided a subsidy of RMB 400 and an allowance of RMB 200 for each of the 2,090 impoverished children in Ethiopia, Kenya and Uganda.

Amity's Living Water Project supported primary schools in Kenya, Cambodia, Sri Lanka, Nepal and Myanmar by building environmentally friendly toilets

and hand-washing facilities, to improve sanitation and provide clean water for teachers and students. At the same time, the program raised hygiene awareness among local students and teachers to reduce the spread of diseases and promote the development of local health and education.

In 2021, Amity supported the fight against Covid-19 in India, Nepal, and Sri Lanka. In the context of Covid-19 pandemic, Amity also made innovations on projects by using internet technology: through online services and cultural courses, Amity facilitated exchanges among young people in different countries amidst restrictions on travel.

Amity Printing

Throughout 2021, Amity Printing Co., Ltd. completed 20.72 million hardcover copies, an increase of 3.11 million copies compared to 2020. By the end of 2021, Amity Printing had completed 227,055,862 copies of the Bible in total, including 88,952,632 copies for the Chinese church and 138,103,230 copies for overseas.

"Chinese Etymology Dictionary: The Commemorative Edition of the 120th Anniversary of the Commercial Press" won the 5th China Publishing Government Award for printing and duplication. The company printed the first edition of the miniature version of the 7th edition of "Thesaurus". "Stories of Xi Jinping's Poverty Alleviation Efforts" won the 3rd Jiangsu Provincial Government Press and Publication Award for printing and duplication. The number of book awards and nomination awards received by Amity Printing accounted for 15% and 13% of the total number of awards during the event. Furthermore, the company won the title of "Jiangsu Province Harmonious Labor Relations Demonstration Enterprise".

In 2021, Amity Printing upgraded its primary sewage filtration and collection tank. In addition, Amity Printing joined the Jiangsu enterprises' alliance for green development under the Department of Ecology and Environment of Jiangsu Province and became a member of the board. While winning the title of "2021 Nanjing Environmental Protection Demonstration Enterprise", the environmental protection score of Amity Printing in the credit evaluation system for Jiangsu enterprises and institutions reached the level of "green enterprise".

Amity Printing cooperates with Nanjing Normal Institute of Special Education

As a member of the Amity family, Amity Printing paid special attention to supporting people with disabilities. As of 2021, there were 9 employees with disabilities, who worked as Braille Bible producers, prepress producers, thumb index punchers, sample book producers and other positions in light of their unique physical conditions and needs. This move encouraged Amity's outsourcing partners and result in the employment of 34 people with disabilities. Moreover, by providing job opportunities and special trainings, improving a system of care, and organizing after-work cultural activities, Amity Printing continued to build capacities and improved the well-being of employees with disabilities. In addition, Amity Printing cooperated with Nanjing Normal Institute of Special Education to facilitate the development of education for the group as a whole.

Orphan Fostering

Amity Orphan Fostering Program provides daily necessities and learning support for orphans living in difficult conditions. Moreover, the program builds social supporting network for these orphans by creating opportunities for them to interact with peer groups, communities, schools and teachers. In 2021, Amity supported over 15,699 orphans in 141 counties of 16 provinces (autonomous regions and municipalities), including Jiangsu, Henan, Shandong, Yunnan, Guizhou, Sichuan, Chongqing, Ningxia, Liaoning, Guangdong, Hebei, Hunan, Jiangxi, Anhui, Gansu and Xinjiang.

Amity focuses on innovative ways to integrate and combine projects. In addition to encouraging the public to purchase mooncake gift packages produced by trainees of Amity Bakery, Amity sent 1,580 mooncake gift packages to orphans under Amity Orphan Fostering Program in Yunnan and Liaoning provinces for the Mid-Autumn Festival of 2021.

In 2021, the program was recommended as Dynamic Charity Project of the Year by China Internet Good Summit.

Amity Bakery

In 2021, Amity provided vocational training for 22 trainees with learning difficulties and organized more than 50 charitable activities involving Amity Bakery. After years of capacity building, the trainees enhanced their professional working skills, in addition to daily work abilities in the workshop and sales service training. Furthermore, they also engaged in e-commerce services, tea break services, packaging and delivery, and charity sales. These empowerment approaches helped the trainees to boost their confidence.

Apart from the usual products, Amity Bakery develops a series of themed and customized gift packages. In particular, the "Han Shi Ji" moon cake gift box for Mid-Autumn Festival was extremely popular. The name "Han Shi Ji" is not only related to the theme of the classic novel "The Dream of the Red Chamber", but also implies that the trainees are rock-solid in pursuing their dream of baking for years on end. For the first time, this gift box combines the bakery's work with the "The Dream of Red Chamber" (also known as The Story of the Stone), with beautiful connotations.

Moreover, Amity Bakery was chosen by Tencent and Tiktok as partner for charity promotion and online volunteering service.

Papa and Mama's Canteen

Starting from free meals, Papa and Mama's Canteen provides professional services for the elderly in need of assistance in both urban and rural areas and improves their living conditions.

With support from all walks of life, Amity offered elderly care services outside those provided by government, families and the market, setting up channels and platforms for social participants to engage in charity elderly-care services. Throughout 2021, Amity established 120 catering sites in 26 provinces. By the end of the year, Mama and Papa's Canteen Project had provided about 1.3 million free meals for nearly 10,000 elderly people across the country.

Sprouts on Earth

During three years of continuous development, Amity Sprouts on Earth - Maternal and Infant Health Care Campaign ("Sprouts on Earth Project") has developed into a strategic flagship program of Amity in 2021, with strong synergies, wide coverage and being highly replicable. Following the 14th Five-Year Plan and the national rural revitalization strategy, the program evolved and entered its second phase last year. The project proposed an effective path for solving maternal and infant health problems in underdeveloped areas through content, methods and technological innovation.

In 2021, Sprouts on Earth Project covered 15 counties across seven provinces, benefiting 622,000 people. It focused on the healthcare of early-stage childhood and supported primary medical care in underdeveloped areas, aiming to improve the overall quality in healthcare. By providing rural people in need with basic medical and health services, Amity helps improve life quality and contributes to healthcare in those areas.

Future Engineers

Starting from 2016, Amity Future Engineers Project provides vocational education for young people. By supporting academic studies and building capacities, the program supports vocational training for middle school students to become "engineers" in the future. Setting targets in quality vocational education as stated in China's Education Modernization 2035 Plan, Amity develops innovative services, concepts and tools.

In 2021, Amity Future Engineers Project took place in nine schools in five provinces, benefiting 1,556 vocational middle school students. The program improves the confidence of vocational school students, supporting schools to improve their teaching systems by strengthening their programs and advocating for vocational education among the public.

Amity Cup Table Tennis Game

From October 16 to 17, in cooperation with the Jiangsu Sports Federation, Jiangsu Table Tennis Association, and many other partners and companies, Amity held the third "Amity Cup" Table Tennis Game in Nanjing Olympic Sports Center Gymnasium. The event attracted 118 teams across the country, of which 13 were composed of medical workers working for public health during Covid-19 pandemic. Amity invited an Olympic champion, a Paralympic table tennis champion and a representative of medical workers to serve as brand ambassadors of the event. The "Amity Cup" in 2021 had three themes: to celebrate the 100th anniversary of the founding of the Communist Party of China, show appreciation to the medical workers in the fight against Covid-19, to continue to "fight for love".

The "Amity Cup" represents a successful exploration of "sports + charity". By attracting a large number of table tennis fans, the event promotes charity to the public while advocating the idea "Sport makes life better".

Amity Charity Calligraphy and Painting Institute

Promoting charity by combining it with traditional Chinese culture, the Amity Foundation officially established the Amity Charity Calligraphy and Painting Institute in Nanjing on May 28, 2021. Amity is connecting art and charity and explores the integration of cultural elements into cross-sector cooperation and innovation endeavors.

More than 200 calligraphers and painters from all over the country have voluntarily joined the Institute, and support Amity's projects through artworks, exchanges, art training, charity donations and charity auctions in five cities in Jiangsu Province.

In the future, the Institute plans to expand its work over the whole country, and to explore possibilities and channels to interact with artists from all over the world, to promote charitable causes and cultural exchanges at the same time.
