# Message of 2022

---

There is no doubt that the year of 2022 was the most difficult one for the past three years, which saw great uncertainty brought about by the Covid-19 pandemic and the intensification of geopolitical changes. Amidst these challenges, Amity continued to brave the elements under the principle of the Six Cs. Compassion, Commitment, Competence, Communication, Cooperation and Creativity, remain etched in our minds. Founded on these core values, Amity remains committed to constantly promoting innovation and growing its institutional resources.

Despite the global economic downturn, Amity's total income reached RMB 424 million, with online fundraising accounting for RMB 273 million. During the "9/9 Giving Day", Amity partnered with 238 organizations and received 930,000 donations to support 343 projects. We supported 15,000 orphans across 16 provinces and more than 94,000 students in educational subsidies and psychological care. Over 20,000 vulnerable children and people with disabilities received assistance from Amity. Home care services were provided to over 6,000 elderly people. Altogether, Amity's 31 public health projects benefited over 790,000 people across 12 provinces.

Amity's international projects, including integrated rural community development, disaster management, biodiversity, and humanitarian aid, benefited 430,000 people in six countries.

Amity has been able to steadily raise its organizational capability and social impact throughout the year. It won the sixth "Jiangsu Charity Award", was selected as one of the "Top 10 Foundations of Chinese Charity Brands 2022", and once again obtained a perfect score in the Foundation Transparency Index (FIT).

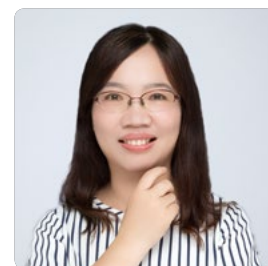

In a world of growing uncertainties, we believe that the survival and development of humankind will rely heavily on our sense of solidarity and a shared spiritual unity, which technology can never replace.

Things will always seem impossible to attain until they are finally achieved. So, let's look forward to making our mark in 2023.

*Qiu Zhonghui*

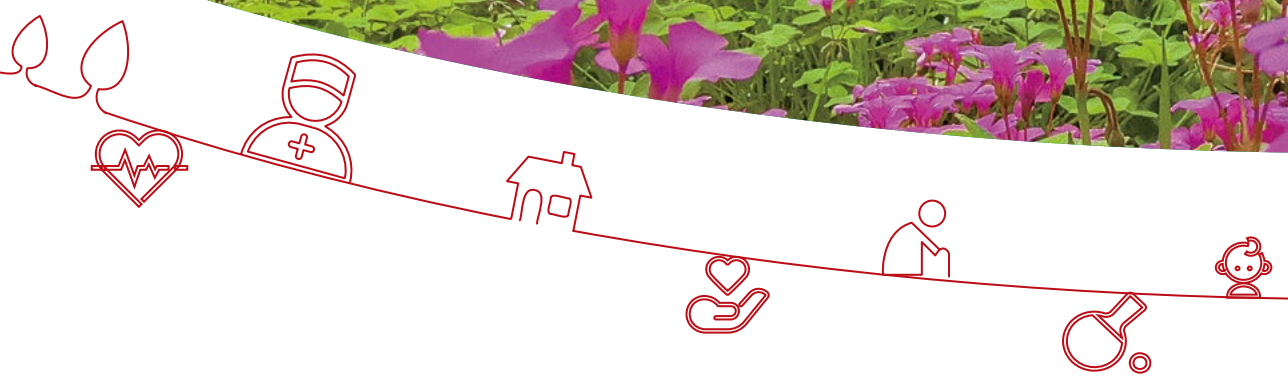

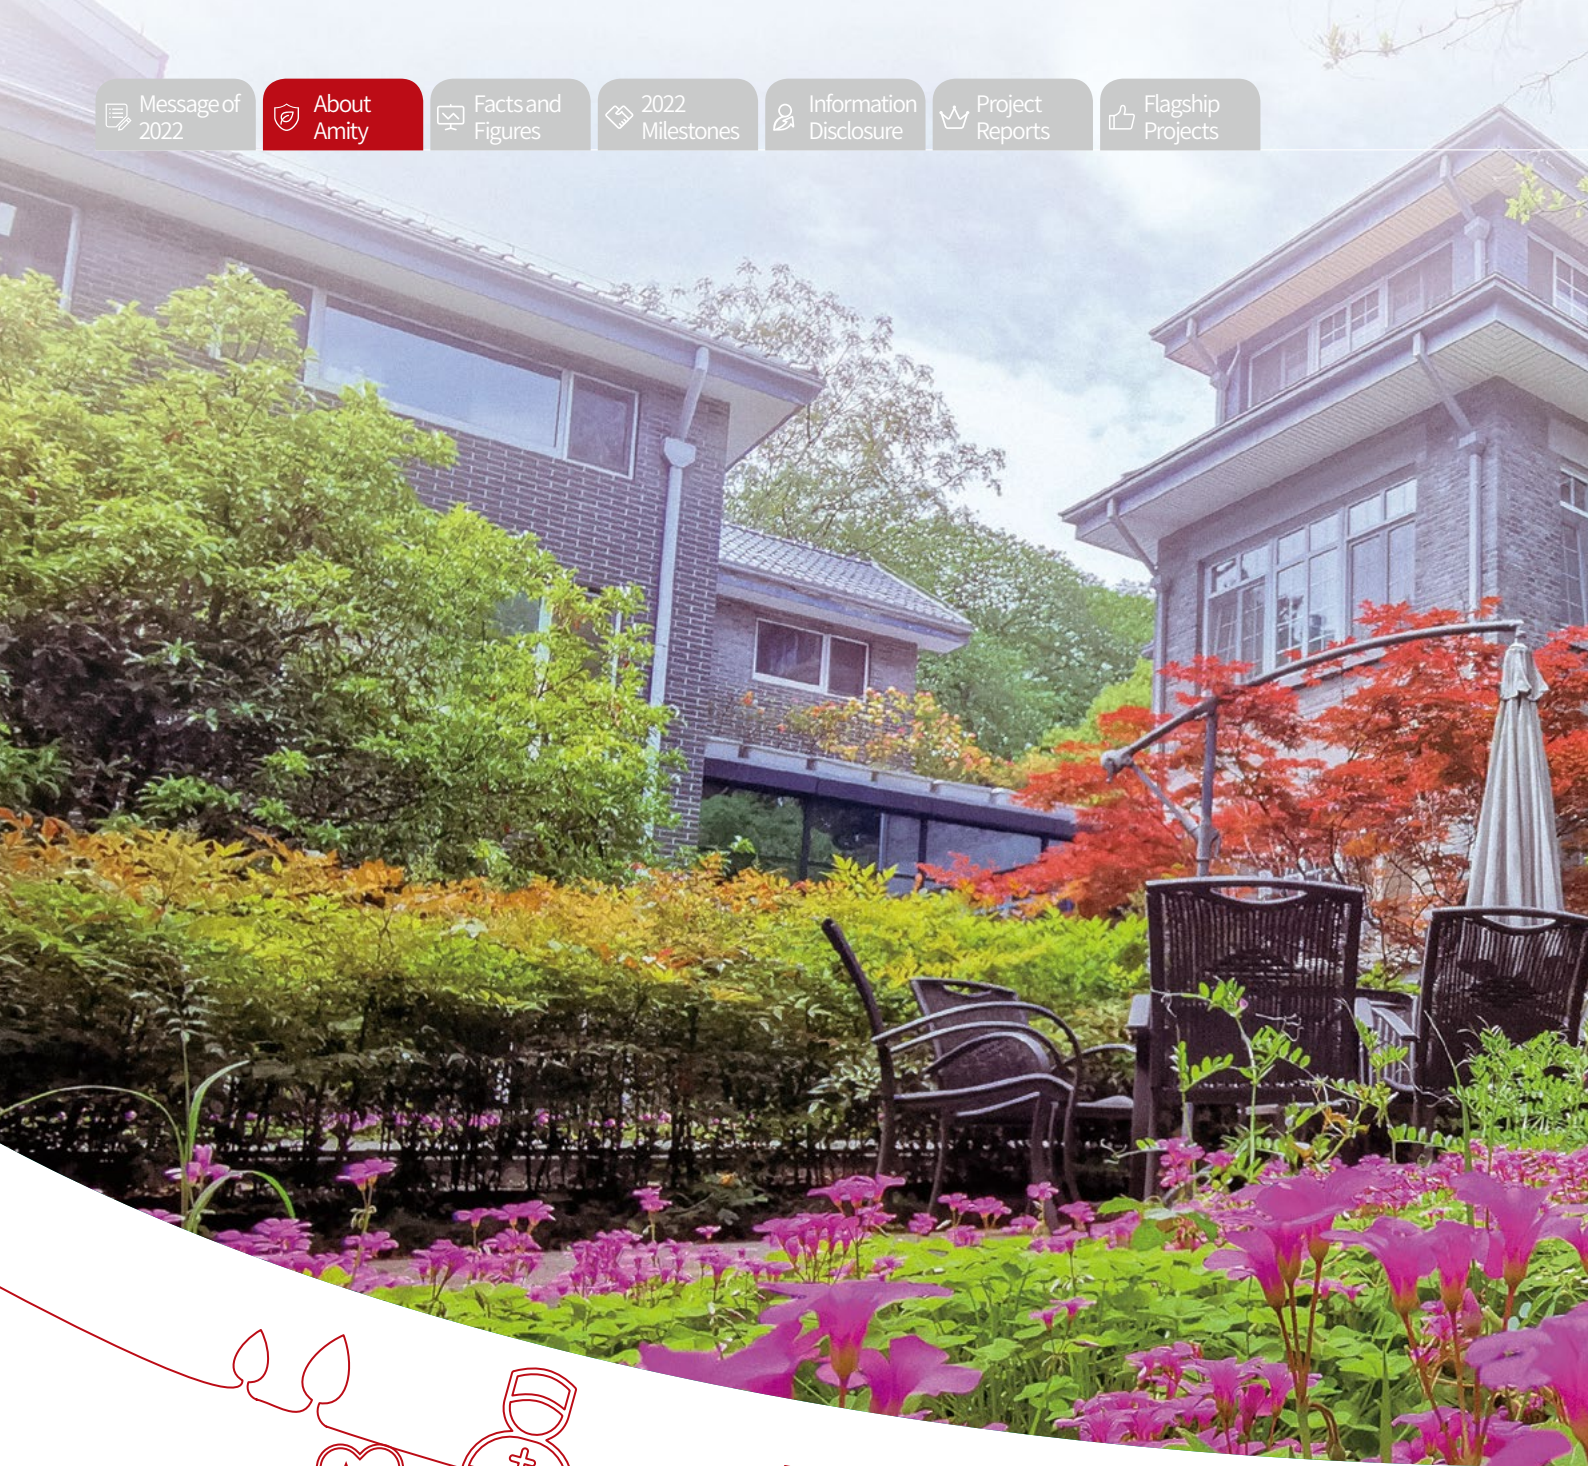

Qiu Zhonghui

# Facts and Figures

In 2022, Amity's total income exceeded

 **RMB 423 million**, with more than

 **RMB 273 million** generated from online fundraising.

Amity's integrated rural community development, disaster management, biodiversity, and international aid projects benefited

**430,000** people across six countries including China, Pakistan and Sri Lanka.

Approximately **15,000** orphans from **139** counties of **16** provinces received Amity support.

In 2022, Amity provided direct financial support, psychological care, capacity building, school facilities renovation and other services for more than

**94,000** students.

During the "99 Giving Day", Amity united **238** organizations and **930,000** donors to support **343** projects with RMB **75,840,000** raised.

Amity cooperated with **62** organizations across the country to carry out services in rights protection and rights realization by children and people with disabilities, benefiting over **20,000** people.

Throughout the year, Amity operated **10** social media channels and cooperated with nearly **30** mainstream media to create content, which received approximately **62** million clicks and over **1.08** million likes.

Amity's **31** public health projects benefited over **790,000** people directly across **34** cities and counties across **12** provinces.

Amity provided over **6,000** elderly people with **27** community-based and home-based care services, including meals, bathing and cleaning services.

# 2022 Milestones

## January

**In January**, Amity's projects were officially launched on the third batch of online fundraising platforms designated by the Ministry of Civil Affairs, including TikTok Charity, Xiaomi Charity and Bilibili Charity.

## February

**On February 17**, the Amity Foundation Strategic Planning Conference was held in Nanjing to discuss the new environment and sector dynamics for the domestic social organizations and to further position the strategic direction of Amity's future development.

# March

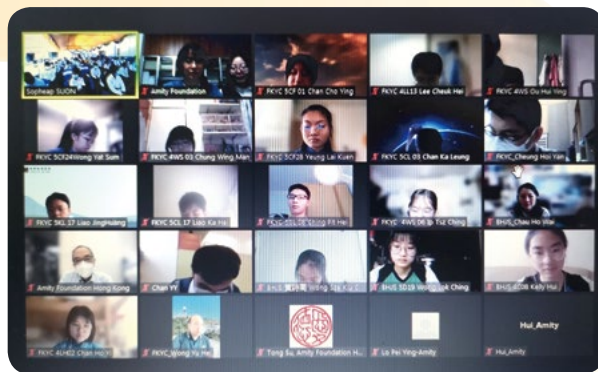

**In March**, Ma Lianmei, Vice Minister of Jiangsu United Front Work Department and Director of Ethnic and Religious Affairs Commission of Jiangsu Province, together with officials from Jiangsu United Front Work Department, visited Amity Philanthropy Valley and Amity Printing for work guidance and Covid-19 prevention inspection.

**From March to April**, Amity supported around 200 communities and villages in Jilin Province and Shanghai in their anti-Covid-19 work by donating medical supplies to the frontline medical workers and volunteers and living supplies to residents.

# April

**On April 25**, the closing ceremony for the Amity Torch Program, and the implementation ceremony for projects under Amity's Living Water Campaign was held at local primary schools in the Bavel district of Battambang, Cambodia.

## May

**On May 31**, the 12th meeting of the Third Board of Directors and the election of the fourth Board of the Amity Foundation was held in Nanjing.

## June

**On June 9**, Amity Foundation and Evergreen Literature Library jointly launched the Evergreen Literature Library fundraising project, advocating that the Chinese public welfare and social services should be recorded, inherited and disseminated.

**From June 6 to 10**, the 2022 Amity A+ Partner Capacity Building Camp was held online. 220 partners from all over the country participated in the camp, which aimed to build capacity on online fundraising and project management and to study relevant laws and regulations.

**Since June 17**, Amity donated rice, cooking oil, quilts and other emergency supplies to the flood-affected areas in Hunan, Guangdong and Guangxi Province in response to the flood in southern China.

**On June 22**, the first "Family for Golden Years" in China was officially settled in Nanjing, Jiangsu Province. The awarding ceremony of the creation base of Amity Charity Calligraphy and Painting Institute was held on the same day in Amity Philanthropy Valley.

## July

**On July 13**, Amity Foundation and Huatai Charity Foundation jointly announced to launch a project to support social emergency rescue forces for natural disasters, aiming to improve disaster prevention and emergency response in urban and rural areas, building resilient homes..

## August

**On August 12**, the International Civil Society Solidarity Conference on the Global Development Initiative organized by China NGO Network for International Exchanges was held both online and offline. The e-signing ceremony of the Joint Declaration of the International Civil Society on Working Together to Implement the Global Development Initiative was carried out at the conference. Ling Chunxiang, General Secretary of Amity, signed the Joint Declaration on behalf of Amity. Amity's partner in Kenya, Dream Building Service Association, and in Uganda Tech Plus Love Foundation also jointly signed the declaration.

**On August 19**, Amity launched its response towards the mountain torrents in Qinghai Province, providing food and daily necessities and childcare services to more than 2,000 residents in the settlement of Datong Hui and Tu Ethnic Autonomous County.

**On August 23**, Amity launched a disaster relief operation in Sichuan and Chongqing. In collaboration with local volunteers, Amity donated various materials to 87 villages in 28 towns in Chongqing, benefiting about 4,900 families and 17,000 people.

## September

**On September 6**, Amity responded to the Luding earthquake. By the end of 2022, Amity had donated RMB 3.12 million, helping more than 10,000 people.

**From September 7 to 9**, (i.e. the 99 Giving Day), Amity supported 343 projects together with 238 partners by soliciting 927,021 donations and 2,972,015 interactions.

**On September 11**, Amity's Future Engineers Program was named the "Most Influential Charity Project" under the 6th Jiangsu Charity Awards.

## October

**In October**, Amity attended online the G20 Civil Society Conference (C20) held in Bali, Indonesia, to learn about the developments and latest initiatives of international civil society.

# November

**On November 10**, Qiu Zhonghui, Vice Chair of China Charity Federation and chair of Amity, attended the Digital Philanthropy and Digital Technology-Enabled Poverty Reduction Forum under the 2022 World Internet Conference held in Wuzhen, Zhejiang Province. Mr. Qiu Zhonghui also served as the moderator of the roundtable session, discussing issues related to empowering social organizations with seven guests including Deng Yongjian, former Vice Chair of Henan Provincial People's Political Consultative Conference.

**On November 17**, the Third Southern Weekend Charity Conference of Dream Builders was held in Beijing, on which the China Charity Brand Observation Report (2021-2022) was released. Amity was named in the Top 10 Foundations of China's Charity Brand List in 2022.

**From November 23 to 26**, the 2022 Amity Inclusive Education Project in Zhejiang Province for Children with Hearing Difficulties and Provincial Preschool Hearing Disability Education Seminar was held in Taizhou, Zhejiang Province. The seminar was co-organized by the Amity Foundation and Zhejiang Special Education Guidance Center.

**In November**, the Pakistan flood relief project received HKD 6.245 million from the Hong Kong Special Administrative Region Government's Disaster Relief Fund to provide food and living supplies to the locals affected by the disaster.

# December

**On December 11**, Amity, together with Alibaba Charity and School of Social and Behavioral Sciences of Nanjing University to hold the "Qixia Summit Forum on Actively Coping with Aging Population and the Seventh Amity Elderly Service Seminar" in Nanjing.

**Since mid-December**, Amity combined resources and funds to provide drugs and medical equipment urgently against Covid-19 for the elderly in urban nursing homes and rural areas for better treatment and health monitoring.

**On December 23**, Amity scored 100 for the Foundation Transparency Index. This is the 10th full score received by Amity.

### Auditors' Report

NO.LXZLSU0451/2023

The Board of Directors of the Amity Foundation:

#### *I. Opinion*

We have audited the financial statements of the Amity Foundation, which comprise the statement of assets and liabilities of the Amity Foundation as of 31 December 2022, and the operating activities statements, the statements of cash flows for the year then ended, and notes to the financial statements.

In our opinion, the financial statements of the Amity Foundation have been prepared in accordance with the Accounting Systems for Not-for-profit Organization, and present fairly, in all material respects, the financial position of the Amity Foundation as of 31 December 2022 and its financial performance and its cash flows for the year then ended.

#### *II. Basis for opinion*

We conducted our audit in accordance with the Standards on Auditing for Certified Public Accountants. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the Amity Foundation in accordance with the China Code of Ethics for Certified Public Accountants, and we have fulfilled our other ethical responsibilities in accordance with these codes.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### *III. Other information*

Management of the Amity Foundation is responsible for the other information. The other information comprises the information included in the Annual Report, other than the financial statements and our auditor's report thereon.

#### *IV. Responsibilities of the management and those charged with governance for the*

*financial statements*

Management is responsible for the preparation of the financial statements that give a true and fair view in accordance with the Accounting Systems for Not-for-profit Organization, and for such internal control as management determines is necessary to enable the preparation of the financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Amity Foundation's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intend to liquidate the Amity Foundation or to cease operations or have no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Amity Foundation's financial reporting process.

*V. Auditors' responsibilities for the audit of the financial statements*

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our audit opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with the auditing standards, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- a) Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- b) Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the internal control.

- c) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- d) Conclude on the appropriateness of management’s use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Amity Foundation’s ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor’s report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor’s report. However, future events or conditions may cause the Amity Foundation to cease to continue as a going concern.
- e) Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

**INDEPENDENT AUDITOR'S REPORT  
TO THE MEMBERS OF  
AMITY FOUNDATION, HONG KONG**  
(incorporated in Hong Kong with limited liability)

**Opinion**

I have audited the financial statements of Amity Foundation, Hong Kong ("the Foundation") set out on pages 8 to 13, which comprise the statement of financial position as at 31 December 2022, and the income and expenditure statement for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In my opinion, the financial statements of the Foundation are prepared, in all material respects, in accordance with the Hong Kong Small and Medium-sized Entity Financial Reporting Standard ("SME-FRS") issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA") and have been properly prepared in compliance with the Hong Kong Companies Ordinance.

**Basis for Opinion**

I conducted my audit in accordance with Hong Kong Standards on Auditing ("HKSA") and with reference to Practice Note 900 (Revised) Audit of Financial Statements Prepared in Accordance with the SME-FRS issued by the HKICPA. My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I am independent of the Company in accordance with the HKICPA's Code of Ethics for Professional Accountants ("the Code"), and I have fulfilled my other responsibilities in accordance with the Code. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

**Other Information**

The directors are responsible for the other information. The other information obtained at the date of this auditor's report comprises the information included in the directors' report set out on pages 1 to 2, but does not include the financial statements and my auditor's report thereon.

My opinion on the financial statements does not cover the other information and I do not express any form of assurance conclusion thereon.

In connection with my audit of the financial statements, my responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or my knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work I have performed on the other information obtained prior to the date of this auditor's report, I conclude that there is a material misstatement of this other information, I am required to report that fact. I have nothing to report in this regard.

**Responsibilities of the Directors for the Financial Statements**

The Directors are responsible for the preparation of the financial statements in accordance with the SME-FRS issued by the HKICPA and the Hong Kong Companies Ordinance, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

(to be continued)

**CY Chan**

Certified Public Accountant (Practising) 陳靜宜執業會計師

info@cychan CPA.com  
www.cychan CPA.com

**INDEPENDENT AUDITOR'S REPORT  
TO THE MEMBERS OF  
AMITY FOUNDATION, HONG KONG**  
(incorporated in Hong Kong with limited liability)

(continued)

**Responsibilities of the Directors for the Financial Statements (Continued)**

In preparing the financial statements, the Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so. The Directors are responsible for overseeing the Foundation's financial reporting process.

**Auditor's Responsibilities for the Audit of the Financial Statements**

It is my responsibility to form an independent opinion, based on my audit, on those financial statements and to report my opinion solely to you, as a body, in accordance with section 405 of the Hong Kong Companies Ordinance and for no other purpose. I do not assume responsibility towards or accept liability to any other person for the contents of this report.

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSA's will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with HKSA's, I exercise professional judgment and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Foundation's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Directors.
- Conclude on the appropriateness of the Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Foundation's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my auditor's report. However, future events or conditions may cause the Foundation to cease to continue as a going concern.

# Project Reports

---

# Integrated Community Development and Rural Revitalization

**Philosophy**/To explore the value of rural culture, to cultivate the strength of rural communities and to achieve independent development of rural areas.

In 2022, Amity's rural revitalization work focused on research and exploration from the perspectives of smart farming, agricultural modernization and village collective industries. Amity continued to cooperate with professional community development organizations. Taking sustainable development as our mission, Amity emphasized participatory management by involving villagers as the acting body. In Sichuan and Yunnan provinces, Amity carried out industrial development and capacity building programs to cultivate local proficiency.

Biodiversity was another focus. Amity actively carried out public awareness raising campaign through thematic activities on biodiversity conservation in Qinghai, Sichuan and Gansu provinces as well as knowledge building activities in big cities like Beijing, Shanghai, Guangzhou and Nanjing. In addition, the balance between "protection and development" was a focal point in Amity's work. By launching the Huoxi River Basin Integrated Protection and Development Project in Pingwu County of Sichuan Province, Amity realized multiple effects on energy conservation and emission reduction and ecosystem protection, promoting the coexistence between man and nature.

Under the support of UNDP Global Environment Facility (GEF) Small Grants Programme (SGP), Amity cooperated with partners from the Snow Leopard Protection Network to carry out community monitor and education about snow leopard at Lapchi Valley inside Gaurishankar Reserve in Nepal

An array of animal protection projects focus on improving animal welfare and public awareness raising, on an aim to bring opportunities and changes in zoos to preserve the wild charm

Amity Living Water Project continues its work in Sri Lanka. In 2022, the project helped Ratnapura region of Sabaragamuwa Province and Badulla region of UVA Province to improve locals' access to and use of water by drilling wells and installing water tanks and pipelines

## Disaster Management

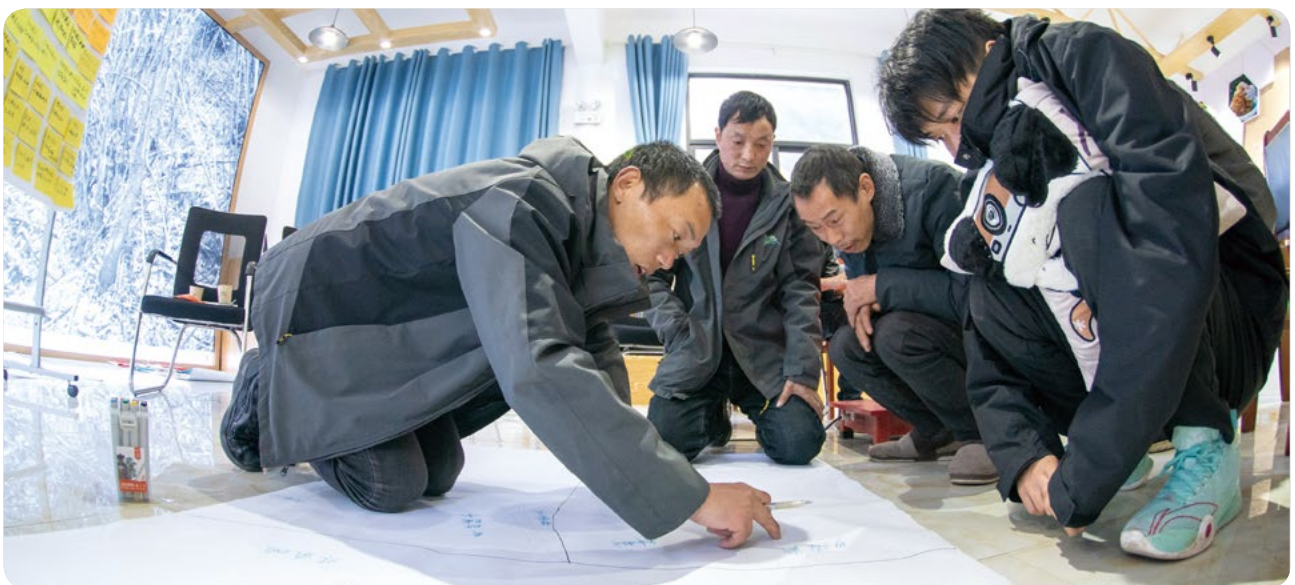

**Philosophy/**To carry out disaster management work in humanitarian spirit, by focusing on enhancing the resilience of the affected communities.

Amity responded to the Covid-19 pandemic in Jilin Province and Shanghai, as well as natural disasters including floods in southern China, mountain torrents in Qinghai, droughts in Sichuan and Chongqing and earthquake in Luding providing aid to more than 100,000 people.

Amity carried out disaster prevention and alleviation projects including the reconstruction of houses destroyed by the floods in Henan, and the "Love and Safe Home" school safety education campaign. Amity also provided training for 12 civilian rescue teams from across the country. Amity believes that resilience building for schools and communities and capacity building for civilian rescue forces would better equip them with vital skills needed for disaster emergency response.

On the global front, Amity applied for funds of the Hong Kong SAR government to carry out flood relief in Pakistan, while raising funds from the HK public for projects under the Living Water Campaign. The Campaign aims to improve peoples' access to clean water around the world and has so far benefitted over 100,000 people in countries such as Sri Lanka and Nepal.

"Community Disaster Risk Investigation Tool Project" provides disaster-prone communities with capacity building on small and micro disaster risk analysis and disaster reduction and prevention, upgrading their disaster prevention and emergency response level, thereby improving community resilience. In the context of climate change, in addition to the disaster prevention capability, the project aims to bring sustainable and high-quality development to rural area. Together we will build a resilient home

With the support from Huatai Charity Foundation, Amity carries out the Amity Social Rescue Force Capacity Building Project. The picture shows the water rescue training for civilian rescue teams in Qingdao of Shandong Province provided under the project in September 2022

## Education Support

**Philosophy**/To Promote educational equity and support students in rural areas in obtaining continuous quality education. To promote the all-round development of orphans and children at risk and care for their growth, development and social integration.

An array of Amity's education projects, such as Desks in Mountains Project, Multi-functional Classroom Project and Dreamed Sports Pack Project, benefited 411 schools in 84 counties and cities across 19 provinces and municipalities including Sichuan, Yunnan, Guizhou, Henan, Qinghai, Hubei, Jiangsu and Anhui in 2022.

Amity's 2022 education work highlighted interconnection of resources and beneficiaries. For example, Amity invited university students sponsored under the Amity Scholarship Program to provide "online volunteer teaching" service for primary students under Love Learning Center Project, while making these university students into volunteers for the summer camp of the Breakout Project. These activities not only give social experience to these university students, enhance their problem-solving ability, but also enable primary and secondary school students to benefit from a variety of volunteer projects.

Item	Project Name	Direct Beneficiaries (People)	Indirect Beneficiaries (People)
1	School Building Project	288	864
2	Amity Scholarship Program	1392	4176
3	Desks in Mountains Project	18918	37584
4	Future Engineers Project	2052	6156
5	Breakout Project	189	567
6	Back to Campus Project	1703	5109
7	Yixin Huatai Project	3685	11055
8	Amity Dream Plan	1270	2540
9	Multi-functional Classroom Project	12979	25958
10	Mini Power Station in Schoolbag Project	1400	4200
11	Dreamed Sports Pack Project	37250	73580
12	Amity Water Cup Project	2906	8400
13	Crowdfunding Project	10000	30000
<b>Total</b>		<b>94032</b>	<b>210189</b>

Kids in one of Amity's project schools are playing with the basketballs provided by Dreamed Sports Pack Project

Multi-functional Classroom Project develops extracurricular interests for kids in rural schools, aiming to improve their comprehensive capacity

These tailored desks are well welcomed by the kids in rural areas

Mini Power Station in Schoolbag Project enables children in areas with unstable power supply due to geographical conditions to study at night

## Health Care

**Philosophy**/To share a healthy life and to build a healthy China

Throughout 2022, Amity carried out 31 public health projects in 34 cities and counties of 12 provinces (autonomous regions) including Sichuan, Qinghai, Guizhou, Yunnan, Hunan, Shaanxi, Gansu, Hubei, Jiangxi, Hebei, Guangxi and Jiangsu, focusing on three themes of basic medical care, maternal and child health and teenager health. The project activities included nutrition support, maternity gift packs, nutrition management, clinics renovation, medical equipment support, medical workers training, health stations, health education and publicity, child care, volunteer training, lectures on HIV/AIDS prevention in universities, and support for women in need, directly benefiting 790,000 people.

In particular, Amity cooperated with Hermes to carry out the "Rural Master Plan", which focused on the basic medical network at the township level. By providing much-needed medical equipment to health centers in underdeveloped areas, Amity improved the level of local grass-roots medical hardware to help local residents to obtain high-quality and timely medical services.

In terms of health for young adults, Amity reached a CSR strategic cooperation with Haleon. The two sides jointly released and launched the "Seedling Protection Plan" on December 19. The project focuses on the health needs of young people in rural areas, enabling their healthy growth by promoting self-health management of the population and bringing health resources in rural areas, thus contributing to China's rural revitalization. The first pilot program will be launched in 2023 in Yuanling County of Hunan Province and Lvchun County of Yunnan Province. It is expected to be implemented in villages and counties across several provinces in the next five years, covering about 4 million beneficiaries.

First aid training

Rural community health education in Honghe County of Yunnan Province

## Service for the Elderly and People with Disabilities

**Philosophy**/To practice institution-based, community-based and home-based service for the elderly and combine nursing with rehabilitation and hospital care. We are dedicated to carrying out holistic services and creating a demonstrative elderly care entity. Following the approach of “people first”, “helping people to help themselves” and “holistic care”, we strive to protect their rights to development and social participation, and promote public understanding, acceptance and tolerance.

The year 2022 was a challenging year for Amity’s elderly care services. Due to the impact of the Covid-19, the nursing home was under closed management for nearly half a year, which put forward higher requirements for the professional ability of the service team.

In terms of community-based and home-based elderly care, there are 23 sites in operation, including two nursing centers, one 5A, six 4A, thirteen 3A and one 2A sites. In addition, Amity provided 27 services such as meal assistance, bath assistance and cleaning assistance to more than 22,000 elderly people, among whom more than 1,000 were over 80 years old.

### Institution-based elderly services:

Services	Year of 2022
Medical service	Provided over 4,000 times of basic services such as ward round diagnosis and treatment, outpatient service, catheter replacement and case turnover.
Rehabilitation service	Provided over 12,000 people with services like air pressure rehabilitation, TDP treatment, intermediate frequency rehabilitation, and hemiplegia training.
Nursing service	Provided 149 elderly people living in nursing home with life care services including meal assistance, bath assistance, body turning, and cleaning, and nursing services including nasal feeding, infusion, and dressing change.
Social work service	Over 500 activities including aerobics, puzzle games and festivals were held regularly. Linked resources from companies to develop elderly services.
Catering service	Held monthly catering meeting and satisfaction survey. Added new grains and dishes. Launched personalized order system. Controlled the price and quality of food.

Kite making activity for the elderly in Amity Philanthropy Valley Elderly Care Home

On December 11, Amity, together with Alibaba Charity and Nanjing University, held the "Qixia Summit Forum on Actively Coping with Aging Population and the 7th Amity Elderly Service Seminar" in Nanjing, aiming to interpret policies on the aging of population in the new era, share professional research results and practical experience in elderly care, and include social forces in promoting the development of elderly care in China. More than 100,000 people participated in the seminar online via live streaming. Amity hoped that this forum provided a platform for the participants to exchange views, and to explore new ways,

contribute new strength and seek new development to actively cope with the opportunities and challenges brought by the aging of the population. During the meeting, a number of social organizations jointly launched the Joint Action Initiative on Building an Elderly-Friendly Society, and also released the Report on the Development of Services for Elderly in Need in China - Observations and Reflections on Amity Papa and Mama's Canteens services.

In terms of service for people with disabilities, Amity is committed to providing care services for the vulnerable

groups in society, targeting their well-being. By maintaining long-term cooperation with 38 public welfare care centers, special education schools and disabled persons' federations across the country, Amity promoted child services and development, special education and care for people with disabilities, serving their special needs. Throughout the year, Amity's services covered 18 provinces, municipalities and autonomous regions, including Anhui, Fujian, Gansu, Guangdong and Guizhou, directly benefiting more than 20,000 people and indirectly tens of thousands of people.

Diversified support programs included welfare center childcare programs, family strengthening programs for children who are at-risk or left behind in rural areas, care programs for groups with learning difficulties, and education programs for ethnic minorities in central and western China. Through these professional services, Amity advocates for children's rights. In cooperation with 21 public welfare care centers in Hubei,

Amity seminar on inclusive education projects

Jiangsu, Jiangxi, Sichuan and Ningxia Hui Autonomous Region, Amity supported over 168 orphans to live with foster families and group families. In addition, Amity engaged 35 Amity Grandmothers to provide services for children with special needs in more than 10 public welfare care centers.

To promote social integration and barrier-free communication for people with disabilities, Amity launched a wide range of programs. These include continuous inclusive education programs, deaf culture studio programs, home-based education and special education teacher training programs in central and western China, vocational training programs for young people with disabilities, and independent walking programs for leprosy survivors. In Jiangsu Province, Amity brought sign language courses to universities, companies and the public. At the invitation of the Nanjing Public Security Bureau, Amity recorded the sign language version of the Bureau's anti-fraud education video. Amity arranged for sign language volunteers to provide accompanying and guiding services for children from deaf families, strengthening parent-child relationship.

In Sichuan, Amity continued carrying out the "Capacity Building for Visiting Teachers" project, providing home teaching services to more than 200 students with visual impairment and other disabilities throughout the year. Amity also cooperated with special education schools to carry out the "vocational training program for youth with disabilities", offering courses on batik, embroidery, pottery, mud whistle, silver jewelry, bamboo weaving, Qiang embroidery and Qiang ethnic food.

Amity Bakery enables trainees to become a better self

## Sector Development

**Philosophy**/By carrying out research and communication on charity culture based on practices, Amity participates in exchanges and experience sharing to support the healthy development of the sector and its ecology. Taking "government guidance, social participation, and independent operation" as the principles, Amity is dedicated to nurturing and serving all kinds of social organizations.

In 2022, Amity adhered to its strategy of steady development in line with national policies and social issues. With four hubs including Nanjing, Suzhou, Nantong and Wuxi, Amity's NGO development work closely interacted with community governance, quality development of social organizations, social workstation construction, and Covid-19 prevention and control, expanding new business areas and forms and achieving remarkable results.

### Nanjing

In Nanjing, Amity focused on the quality development of social services organizations, innovating community governance of social work, and community volunteers development. Qixia District, Jiangning District, Jiangbei New District and Gulou District of Nanjing were the four deep-rooted areas. Demand-oriented and tailored services were provided, including full-cycle supervision services for venture philanthropy, coordinated guidance and professional operation of social workstations, capacity building for social service practitioners, as well as promoting the protection of minors and building child-friendly communities. At the same time, Amity continued building platforms for raising and allocating quality social resources.

The Nanjing Center managed and operated a total of RMB 11,609,500 of venture philanthropy fund from the districts and streets, covering 114 projects. The center actively built a cross-city and cross-province exchange platform for social

Community activities carried out by Amity together with social organization partners

organizations, turning a group of key persons who have received systematic trainings to become "sharers" and "trainers" to exchange good practices and experience in local services across the region, so that social organization practitioners benefit from each

other. The center focuses on building social workstations in two urban blocks, namely, Guli Street in Jiangning District and Gulou District. Through joint action of communities, social organizations, social workers, social resources and community autonomous organizations, Guli

Street became a platform for guiding community volunteers to carry out "neighborhood care" activities. The Gulou Social Workstation alleviated the shortage of social workers in communities by connecting volunteers from universities.

### Suzhou

Social workstations served as a demonstration. The Suzhou Center operated three social workstations and one charity workshop throughout 2022. Among them, the social workstation of the High-tech Zone was rated as the only "Jiangsu Province Social Workstation

Demonstration site" in Kunshan.

2022 saw increased impact of our services for people with disabilities. Our home in Suzhou for people with disabilities in the High-tech Zone was rated as a five-star home. The Tinglin Shan'ai Home was also praised

for its unique professional services, including effective horticultural therapy. The Zhouzhuang Jingkang Project operated a rehabilitation station that was awarded "Provincial Rehabilitation Demonstration Site". The "Building Dreams" project planned by Kunshan

Group photo of Kunshan Amity staff and volunteers

Amity Bakery has achieved great social influence and its trainee Hongming was awarded "self-improvement model" for people with disabilities in Kunshan.

The Suzhou Center coordinated with community volunteers to carry out integrated community

services, serving directly more than 15,000 people in 9 communities, and developed more than 50 community social organizations.

Covid-19 prevention and control effort in Kunshan was greatly affected by Shanghai's situation.

The two social workstations operated by the center handled emergency cases for the city. The social workers of the center worked 24/7, properly dealing with 31 emergency cases over 5 months, and was highly recognized by the municipal and district civil affairs bureau.

## Nantong

In 2022, the Nantong Center further optimized its business structure and internal management. In terms of social organizations development, the center helped 388 social organizations to obtain grading, among which 21 were 3A or

above, 18 were 4A or above, and 11 were 5A or above. In terms of community social organizations development, Amity incubated 17 community social organizations with small project funding. In total, it carried out over 30

capacity building trainings and supervision activities, directly benefiting 89 people and indirectly benefiting more than 6,000 people. In terms of social worker training, Chongchuan District, Tongzhou District and Qidong City launched

A social organization carnival is held in Chongchuan District of Nantong City

respectively their talent development programs by carrying out 15 trainings and cultivating 73 social worker talents. In terms of Covid-19 prevention and control, the Nantong Center launched an initiative, calling for the action of more than 100 social organizations and 30,000 participants with over RMB 1 million donations. At the same time, the "Heart-to-Heart Volunteer Action" mobilized social organizations, voluntary organizations and other social forces to provide services to individuals living alone, with financial difficulties, with serious disabilities, or without family care. In particular, these services targeted the elderly and orphans in these difficult circumstances.

Child Safety Knowledge Party specially carried out for kids to learn safety knowledge by Amity social workers, school teachers and local police

A court trip organized by Amity and a local community for kids

## Wuxi

In 2022, the Wuxi Center gave full play to its responsibilities as a brand support and hub social organization. In terms of institutional construction and management, the center was successfully rated 5A grade. In terms of resource operation and management, the total venture philanthropy fund managed by the center reached RMB 12.5 million. In addition, the center provided more than 30 thematic training courses for over 100 organizations. In terms of social organization development, the center supported social organizations to engage in social services to improve the grassroots governance of the province. In terms of project operation, the center actively explores the social workstation mode, which provided personalized services to 79 at-risk children and at-risk elderly people over 60 years old.

Community social service for the residents

On-going evaluation of elderly care services

## Religion-based Philanthropy

**Philosophy**/To encourage religious communities to get involved in charity and to facilitate mutual understanding and interaction among different religions, or between religious communities and all sectors of society.

In 2022, Amity's religion-based projects received funds exceeding RMB 10 million, benefiting nearly 200,000 people, focusing on care and services for the elderly, people with disabilities and families of individuals with serious illnesses.

The Jiangsu Christian Charity Fund donated RMB 800,000 to purchase medical vehicles for the Kizilsu Kergez Prefecture of Xinjiang, ensuring the needs of the local hospitals. Under the influence of the Jiangsu Christian Charity Fund, cities in Jiangsu Province began to try out projects suitable for local development. Changzhou Chongshan Program, under which Tian'ai Autism Care Project and Chongshan Yousheng Student Aid Projects were implemented was one such example.

2022 saw an unusual year for the Ark Caring Home Project as Covid-19 restrictions brought special difficulties for families with sick children. Thankfully, many volunteers continued caring for the needs of the sick children and their families and the elderly were served through the Internet and mobile phones. Moreover, the Ark Caring Home received much more food donations than usual, which provided timely nutrition for kids under treatment. The Ark Caring Home will continue to carry out hospice care and life education.

Opening speech by Amity General Secretary Ling Chunxiang at the Ark Caring Project Thanksgiving Briefing

Volunteers are playing music at the Ark Caring Project Thanksgiving Briefing

Volunteers are preparing for their performance at the Ark Caring Project Thanksgiving Briefing

Amity formulated a curriculum plan for Jiangsu Theological Seminary and Shandong Theological Seminary on diaconia work. In addition, Amity carried out research on the projects and discussed future cooperation with the two seminaries.

With the help of Amity Board Chair Mr. Qiu Zhonghui and General Secretary Ms. Ling Chunxiang, Amity drafted a textbook-compilation plan for a course named Diaconia Practice. The plan took advantage of Amity's expertise and experience on summer diaconia seminars and the diaconia courses for Jiangsu Theological Seminary. Amity hopes that the project will benefit theological seminaries and local partners, and that the experience and case studies offered by Amity can bring professional concepts and perspectives for the curriculum. Amity hopes that these diaconia courses will later be introduced across the country.

# Internet Philanthropy

**Philosophy**/By leveraging on Internet technology and thinking, Amity advocates connectivity and provides partners with support in fundraising, institutional management, and capacity building, aiming to jointly promote the social influence of the third sector.

2022 marks the 16th year since Amity engaged in Internet philanthropy. Close cooperation had been established between Amity and online fundraising platforms such as Tencent Charity, Alipay Charity, Alibaba Charity, ByteDance (China) CSR, Bilibili Charity, Weibo Charity and Xiaomi Charity. Total funds raised during the year exceeded RMB 270 million, with the top three fundraising platforms as Tencent Charity, Alibaba Charity and Alipay Charity, accounting for 86% of the total fund raised online.

The Amity Stream Monthly Donation Scheme was officially announced in January 2023. In addition to projects from partners, Amity also launched under this scheme its proprietary projects including Amity Orphan Fostering Program, Amity Rural Education Program and Amity Rural Health Care Program, all of which are themed rural revitalization, rural child and elderly care, and rural education and health care.

In June, the fifth Amity A+ Partner Capacity Building Camp was held online, offering five training sessions within five consecutive days. A total of 220 organizations attended the sessions. During the rest of the year, the camp provided more than 20 online and on-the-spot training sessions. Closely following the social and organizational dynamics, the training sessions help partners make breakthroughs in resource expansion, legal awareness, and donor connection in their daily project management. With all the experience sharing among organizations, participants were inspired to build resilience both for the organizations themselves and for their employees, so as to adapt to all kinds of uncertainties. The training sessions improved

Amity joins hands with fundraising platforms and vendors in an effort for the online charity

Live streaming becomes an effective way for the audience to know charity

the partners' understanding of the trends of online fundraising platforms, paving the way for them to participate in various online fundraising activities.

During the 99 Giving Day event, the Amity Foundation joined hands with 238 partners to champion for love. A total of 343 projects were supported during the event, covering education, support for orphans and people with disabilities, environmental protection and many other fields. The results were outstanding, including 2,972,015 engagements with donors, 927,021 individual donations, with over RMB 65 million raised and over RMB 10 million matching funds from Tencent Foundation.

2022 saw a strengthened strategic cooperation between Amity and Alibaba Charity. With its project expertise, Amity actively mobilized joint resources and networks to integrate with the diversified products of Alibaba Charity, joining efforts for the undertakings. As one of the founding organizations of the XIN 100 Plan, Amity was an active reviewer of XIN 100 projects.

After preliminary evaluation and oral examination, the reviewers finally selected 18 organizations leading the index of "effectiveness", "influence" and "credibility" across the country for recommendation and due diligence. In the same year, Amity supported XIN 100 projects including Guangxi Yuncai Dream Action, Yak Village Plan, Match Youth AIDS prevention Plan, to be linked with charity-supporting products, raising more than RMB 13.02 million during the year.

Furthermore, Amity explored direct donation and joint donation channels on Alibaba platform. Projects such as the Elderly-friendly Community Program, Parents Station Elderly Program, and Migrant Parent-child School, were launched on Alibaba direct donation channel. Making use of incentives such as giving out coupons and initiating group donations, Amity and Alibaba's joint effort made charity donation easier and more fun .

As a public fundraising foundation, Amity joined ByteDance's Charity Hub Plan, serving more than 25 Tier one social organizations through special project support and capacity building. One of the highlights of Amity was that TikTok accounts within the Amity Matrix produced 3,211 short videos and 132 live streaming events, raising more than RMB 10 million. In addition, as an employee charity partner of ByteDance, Amity provided an array of volunteering opportunities for TikTok employees, guiding them to contribute hundreds of hours of service.

## Brand Promotion and Social Influence

**Philosophy**/To spread Amity's culture of benevolence, promote Amity's brand, build a platform for public participation, further the goals and enhance the social impact of Amity.

During the past recent years, in addition to WeChat, Weibo accounts and official website, Amity Foundation has been increasing its efforts to expand communication on other platforms year by year, including Toutiao, TikTok, Kuaishou, Alipay Life, Bilibili, WeChat Video and Xiaohongshu. Through five years of hard work, the number of followers on all of Amity's communication platforms has increased from the 115,000 to about 570,000.

Cross-team discussion on video-shooting work

In 2022, Amity closely followed its events, grasping every opportunity to report and update Amity progress. Amity made through interactions a stronger tie with media such as Xinhua News Agency, CCTV News, CPPCC News, China Women's News, Jiangsu Broadcasting Corporation, and Xinhua Daily, and highlighted Amity's projects in Nepal, relief response to the

The widely welcomed Amity calendar named "Breathe Together, Share the Future"

Luding earthquake, advocacy for individuals with autism and aging communities, achieving good social effects.

Amity collaborated with Bilibili Charity on publicity for relief response to the Luding earthquake, vigorously raising funds by securing exclusive promotion resources from Bilibili, resulting in a total fundraising amount of over RMB 1.13 million. In response to the floods in southern China, Amity also actively raised about RMB 130,000 from communication platforms.

Information disclosure and branding was a big part of Amity's communication work in 2022. Amity achieved a score of 10 for the Foundation Transparency Index (FTI) by adjusting the official website for better disclosure and transparency.

Since March 2022, Amity has been included seven times in the Public Influence List published by Institute for Philanthropy of Tsinghua University and Weibo.com, reaching the top five three times. In 2022, the Amity Foundation was selected as one of the "Top 10 Chinese Foundations of the Year".

In 2022, Amity's research and development work highlighted sector research, project evaluation and project innovation.

Amity drafted its Amity Foundation Medium-Term Plan (2021-2025) based on the strategic planning discussed at the beginning of the year. Moreover, Amity compiled the Compilation of Laws and Policies in Charity (2022), covering the laws and

Right after the 2022 Luding earthquake happened, Amity made an appeal for Amity Luding Earthquake Relief Project on Bilibili.com and received "Best Transparency Award" and "Best Charity Project Award" by Bilibili Charity

Project research for Amity Papa and Mama's Canteen Project

regulations of the country, Jiangsu Province and city of Nanjing on sector development, children and the elderly. Amity reorganized and established a pool of 171 cooperative professionals and experts. An online library system containing 2,500 books and project archives was launched, available to and managed by Amity employees. The "Research" section of the official website was reorganized, with over 116 published journal articles, newspaper reports and master's theses on Amity available for perusal.

Another highlight of the year was the assessment of Papa and Mama's Canteen Project. Amity formulated questionnaires for the elderly care service and elderly people and carried out the field research work on 13 local service providers in Nanjing, compiling results in the "Development Report on Services for At-risk Elderly in China - Taking Amity Papa and Mama's Canteen Project as an example".

Amity compiled six issues of "Amity Information" on Amity's international cooperation and exchanges, such as on Luding Earthquake relief and United Nations Human Rights Conference.

# Regional Development

## Amity Foundation (Hong Kong)

The Year 2022 was characterised by Amity Foundation, Hong Kong (Amity HK) taking an active part in in humanitarian aid to people in need in many lands.

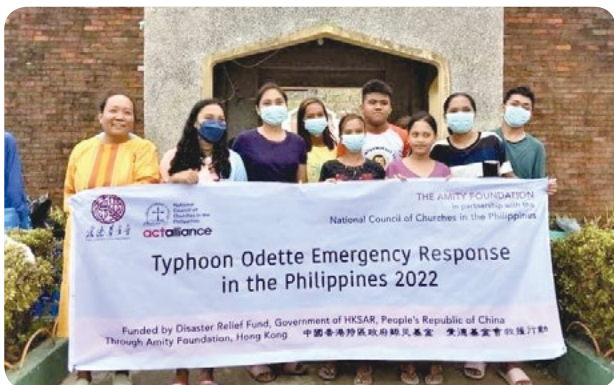

Before the turn of year, Typhoon Odette hit the Philippines causing much human suffering. Partnering with the National Council of Churches in the Philippines (NCCP), the convenor of the ACT Alliance Philippines Forum, Amity HK was able to raise HK\$540,000 from the DRF through the Fast-Track arrangement, and an additional sum through AlipayHK to provide relief to some municipalities of

Southern Leyte early in 2022. The timely action was commended by the Filipina Consulate in a formal letter of appreciation.

The New Year was scarcely over when our local partner Transform Nepal approached us to help communities in the Sarlahi District of Nepal, during an exceptionally cold spell causing much suffering for the children and old people. Drawing from the funds raised in our Annual Music Evening, we were able to send HK\$50,000 for purchase of warm blankets to assist 355 of the poorest families to brave the bitter cold in their wood and mud shacks.

Badly hit by both the Pandemic and civil unrests resulting in many internally displaced people, the Myanmar Diocese at Toungoo, made an appeal for humanitarian aid. With generous donations from the parishioners of St John’s Cathedral, food and medical aid were provided for more than 1,000 people. Some basic medical training for 92 medical practitioners helped to sustained support for the needy.

The fifth wave of Covid-19 struck Hong Kong soon after the Chinese New Year and school closure was immediately imposed by the Government.

Typhoon Odette relief working with NCCP

Warm blankets for Nepal people

Bishop of Toungoo personally delivering Amity's relief

With scarcity of masks and Rapid Antigen Testing (RAT) Kits, families with little means were disproportionately affected. Working closely with our Mainland colleagues, pharmaceutical supplier friends in Hong Kong, and our traditional church partners, we mounted a campaign code-named "RAT Kits for Poor Kids". Many of our traditional partners like Rotary Club 3450 District, RHKYC Charity Foundation, churches actively responded. With donations in cash and kind, 130,000 Testing kits were distributed to 86 schools and several Social Service Centres. Over 100,000 donated KN95 masks were distributed to 115

kindergartens and 165 schools to protect their members. Working with two local partners, Amity HK provided Covid-19 Chinese medicine, oximeters, personal protective equipment and hot meals to various groups of people in need.

It was especially heart-warming for us to receive donations from 114 Guizhou graduates of the U for Girls Project, who raised RMB 12,556 of their own accord to support relief for needy Hong Kong school children. Their generous spirit and caring hearts were very moving for all the donors and supporters of the Project.

Guangxi was hit by record-breaking rainstorms in June affecting nearly 4 million people and destroying their livelihood. Amity HK succeeded in getting relief aid of HKD2.711M from the Disaster Relief Fund (DRF) of the HK Special Administrative Region Government. The joint mobilisation with our colleagues

Beneficiaries waiting patiently for relief materials

in Nanjing provided humanitarian assistance to 3,659 households with around 14,205 individuals in Liu Zhou, Guilin and Wu Zhou.

Extreme weather triggered exceptional heat waves and drought in Southern China during the summer months with provinces along the Yangtze River being worst hit. In response Amity HK initiated an appeal on Alipay HK, which brought in funds for some rehabilitation work.

### PAKISTAN FLOODS – OCTOBER

The monsoon in mid-June 2022 brought Pakistan torrential rainfall 2.9 times higher than the country's 30-year average, with ensuing floods displacing 33 million people and leading to severe landslides and irreparable damage to infrastructure and property. Responding to ACT Alliance and its local partner Community World Service, a large-scale relief campaign was mounted. Despite large regions being water locked, internet technologies provided the in-depth fact-finding as to enable Amity HK to successfully apply

to DRF HK for HK\$6.245 million for relief to the Mirpur Khas District in Sindh Region. Live streaming enabled Amity HK and Amity HQ to follow closely some of the distribution exercises in keeping with our standards for due diligence. Maximizing the resources available, we distributed relief goods in the form of shelter, hygiene and sanitation to a total of 19,204 households, exceeding our original target.

As Amity HK's on-going effort to support UN's 2030 SCGs, the Living Water Campaign brought tangible improvement to water-deprived communities in countries including Myanmar, Nepal, Cambodia, and Sri Lanka, benefiting thousands of students and villagers.

Joining forces with the Water Supplies Department to recognize the UN's World Water Day, the 13th Walk took place as individual efforts while fund-raising was coordinated through the virtual space, complying with governmental restrictions on social distancing under the Pandemic. Ultimately, over 200 people braved the inconvenience, took part

in the walk and helped to raise HK\$239,000.

Riding on the success from last year, several townhalls have been organized in 2022 between students in Hong Kong and those in Cambodia and Nepal, as well as Quest for Living Water among Hong Kong students, as part of the awareness raising, fundraising, engagement and exchange efforts.

A Walk to remember in Pandemic months

## Shanghai Rende Foundation & Shanghai Amity Philanthropy Research Center

In 2022, the total revenue of Shanghai Rende Foundation was RMB 89.144 million and the total expenditure was RMB 82.14 million. Throughout the year, Rende cooperated with more than 230 partners to carry out over 300 projects in childcare, education, rural revitalization, community development and Covid-19 control, serving more than 260,000 people. Rende was an active player in the video activities initiated by platforms like ByteDance (China) CSR and Alipay Ant Farm, which gained public attention and vitalized development.

In March, Rende carried out emergency response to Covid-19 control. The team raised a total of over RMB 6 million in cash and over RMB 1.8 million in kind to support the medical volunteer teams of 89 communities in 9 districts of Shanghai, covering 1,351 elderly people living alone 515 migrant workers with financial difficulties, 513 families covered by pensions and 393 individuals with financial difficulties, and the free meal service for the people stranded at Hongqiao Railway Station, giving full play to the positive role of social organizations in complementing force of government in emergencies.

In response to the call of the Shanghai Municipal government, Rende Foundation actively provided services for the regions and areas supported by Shanghai in 2022. Rende projects on childcare, education and other related fields further facilitate Shanghai's work of rural revitalization in these areas. A total of 93 projects with a total expenditure of

Little Seedlings provides fresh meals for children in mountainous areas

Rende Foundation's flagship project "Spring Willow Plan" protects the healthy and safe growth of rural girls

"YKS Cup" venture philanthropy competition

Seminar for "YKS Cup" venture philanthropy competition

Painting activity under the "Better Star" project

more than RMB 12.28 million benefited about 65,400 people and reflected the positioning of Rende as "reaching out across the country from Shanghai".

Through the One Pine Cup Community Foundation Project Competition and Baolong Community Charity Tour, Rende Foundation cooperated with 45 community foundations in 10 districts of Shanghai, empowering community foundations, promoting the development of community charity, improving the social assistance for the needy people, and

providing capacity building for community foundations. Rende's work won the "Shanghai Community Foundation Contribution Award" issued by Shanghai Civil Affairs Bureau.

In 2022, Shanghai Amity Philanthropy Research Center focused on empowering services. Throughout the year, Rende provided a total of 11 foundations with evaluation consulting services, including more than 40 on-site consultations and more than 160 online consultations.

Amity "99 Giving Day" consultation meeting to support partners

## Guangzhou Amity Philanthropy Development Center

In 2022, acting as a "social services platform", Guangzhou Amity Philanthropy Development Center ("Guangzhou Amity") focused on interactive cooperation and comprehensive empowerment and assisted partners to raise a total of RMB 24.54 million, an increase of 13% over last year. In addition, Guangzhou Amity joined hands with companies, media, sector experts and social organizations, to carry out 49 training sessions and other activities including fundraising courses, capacity building, professional consultation and company cooperation, with a total of 364 institutional participants.

Guangzhou Amity launched the 99 Capacity Building Camp to better help non-public fundraising partners to participate in the 99 Giving Day. Through online courses and one-on-one consultation in person, Guangzhou Amity interpreted 99 Giving Day rules, making a total of RMB 13.37 million for 58 partners during the fundraising event.

"Support Guangzhou Together" was a local Covid-19 control support campaign in Guangzhou jointly initiated by the Amity Foundation, Guangzhou Amity, CSR Global Network, Guangzhou Social Innovation Center, Harmony Community Foundation, and Horizon Corporate Volunteer Consultancy. In 2022, Together Support Guangzhou initiated two actions, receiving strong support from traditional media, companies, volunteers, front-line social workers and other social sectors.

"Support Guangzhou" company actions

Kang Jing Home for Baby provides a entertainment space for inpatient children

## International Development

**Philosophy**/Through cross-cultural and international exchanges, Amity is enhancing its international impact with its public welfare ideas and projects, to promote the United Nations sustainable development goals, and contribute to world peace.

### Project Globalization

Amity walked further on its way towards project globalization. In 2022, Amity Love Dream Sponsorship Program provided scholarships to 935 students in Kenya, Uganda and Tanzania. Amity Living Water Campaign projects built new toilets and hand-washing facilities at primary schools in Kenya's Mathare Slum, aiming at supporting local school infrastructure. At the request of the Ethiopian partners, Amity

School Bag Project provided 100 children with basic stationery such as schoolbags, pencils, pens and exercise books. At the same time, the project purchased 30 medium-sized solar lamps for the lighting safety of classrooms, dormitories, canteens and toilets. During the implementation of the Amity Torch Project, Amity completed the third party audit for the project in Ethiopia, Kenya and Uganda, and reviewed,

revised and supplemented student data. Furthermore, Amity, together with local partners of the three countries, reviewed the implementation process, shared each other's experience and made suggestions for a new round of cooperation. Amity Living Water Project continued to help rural communities in Nepal, Myanmar, Cambodia and other countries build facilities such as reservoirs, filters and water

Amity Living Water Campaign in Cambodia

Toilet built by Amity Living Water Project in slum schools in Kenya

pipes, enabling villagers to have easy access to clean water, while building built sinks, upgrading toilets, and paving roads for rural schools to meet the clean water needs of school students.

In addition to Africa, Amity conducted educational development projects in five village schools in Battambang Province, Cambodia, where 1,286 students directly benefited from the projects.

Amity Living Water Project in Kenya

Amity Schoolbag Project

## Institutional Internationalization

In 2022, Amity stayed active in international conferences and events, exploring its institutional internationalization.

### Global poverty reduction

In June, as one of the founding organizations, the Amity Foundation became a member of the International NGOs Network for Poverty Reduction Cooperation. The goal of the network is to "end poverty in all forms". At the end of the year, Amity attended and delivered a speech at the "Seminar on Promoting the Poverty Reduction Network and the Global Development Initiatives" held by the China NGO Network for International Exchanges.

### United Nations activities

In special consultative capacity with ECOSOC of UN, Amity was an active participant in UN activities. In June and September, at the 50th session of the UN Human Rights Council "Dialogue with the Special Rapporteur on Leprosy" and the 51st session of the Human Rights Council "Item 5: General debate", Amity delivered statements on "Combating discrimination against people affected by leprosy and their families" and "Safeguarding the rights and interests of ethnic minorities and indigenous peoples". Amity's statements showed around the international community about the work and efforts made by Chinese social organizations in protecting human rights.

In September, Amity participated in the UN Consultation with Global NGOs and provided a written policy proposal to the UN ESOCOC on "better support for social organizations' participation in UN activities". In addition, Amity also participated in the annual meeting between the General Representative of the UN Office at Geneva and social organizations.

The 50th session of the UN Human Rights Council

She Hongyu, Amity Associate General Secretary, speaks at the 50th session of the UN Human Rights Council

## Work with the International Council of Volunteer Agencies (ICVA)

In May, Amity and ICVA jointly held an online seminar to give an overview of the international humanitarian coordination mechanism to domestic organizations, and to share with international organizations the Chinese social organizations' overseas humanitarian work in recent years. CHS Alliance experts were invited to present to Amity staff and other Chinese members the CHS self-assessment tool and the tools and support CHS can provide.

In November, Amity translated the document of the humanitarian coordination mechanism titled the "Grand Negotiation" composed by ICVA, hoping to raise the understanding of this mechanism among Chinese organizations.

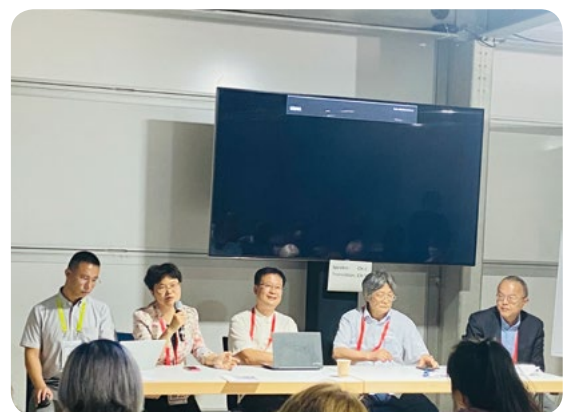

## Sector exchange

In September 2022, Amity representatives participated in the 11<sup>th</sup> General Assembly of the World Council of Churches (WCC) held in Germany, and jointly organized a seminar on social services with the China Christian Council (CCC) to introduce social services in China to the international community.

In October, Amity attended online the G20 Civil Society Conference (C20) in Bali, Indonesia, to learn about the developments and latest initiatives of international civil society.

Amity participated in the translation of ICVA Grand Bargain 2.0

Liu Siyuan (first from left), Director of the Amity Office in Africa, shared Amity's work at the workshop of the 11<sup>th</sup> General Assembly of the World Council of Churches

In November, Amity participated in the Global Coastal Wetland Cities Alliance Round Table co-sponsored by Jiangsu Provincial Foreign Affairs Office and Yancheng Municipal Government, which was held simultaneously in more than 20 cities across 12 countries including China, France, Italy, Portugal, Canada, Japan and South Korea. At the meeting, Amity shared its practices in helping achieve carbon neutrality, implementing the UN Sustainable Development Goals, tackling climate change, and achieving coexistence between human and nature.

In December, Amity held the online meeting of the European Network of Amity Partners (ENAP) to discuss the deepening cooperation with more than 20 European partners.

Distribution of anti malaria materials to families of the dream school in Mathare slum in Nairobi

Ethiopian office staff cooperated with Amity Foundation to complete the distribution of small school bags project

The company also actively participates in various social philanthropy activities organized by the Amity Foundation.

Amity Ethiopian office staff cooperated with the headquarters to complete the distribution of small school bags project.

During their stay in Kenya office, the staff of the Ethiopian office, together with our partner DBSA (Dream Building Service Association) distributed anti-malaria materials such as mosquito nets to 100 families of the dream school in the Mathare slum in Nairobi.

Amity Printing has also organized the "9th Session Knowledge Contest of Amity Printing" and the "Interpersonal communication and coordination" public lecture.

## Future engineers

In September 2022, the "Future Engineers Project" won the title of "Most Influential Project" under the sixth Jiangsu Charity Award. The project provides vocational school students from families with financial difficulties with bursaries and capacity development services to support them to complete their studies and become outstanding professionals in their own industries in the future. By the end of 2022, the "Amity Future Engineers Project" has covered 16 schools in 9 cities of 5 provinces, funding 3,190 students in total.

In Amity Future Engineer Project's workshop, a trainer is providing students with capacity building, psychological care, career guidance and other services in the form of group work

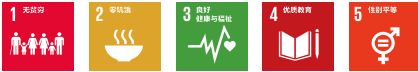

## Orphan Fostering

The 2022 Amity Orphan Fostering Program covered 139 counties in 16 provinces including Jiangsu, Henan, Shandong, Yunnan, Guizhou, Sichuan, Chongqing, Ningxia, Liaoning, Guangdong, Hebei, Hunan, Jiangxi, Anhui, Gansu and Xinjiang, benefiting 14,906 orphans.

During Children's Day on June 1, 2022, Amity joined Tencent Charity's "Red Flower Charity Concert". With strong support from the Yunnan Foundation for Poverty Alleviation, students from the project schools in Lijiang, Dehong and Wenshan were invited to record ethnic songs and dances, tell beautiful stories behind charity projects, and deliver holiday blessings to the children, bringing childhood memories to adults while increasing the attention of the public on children projects.

## Inclusive Classroom

Amity has been promoting inclusive education in China since 2016. Starting from two special education schools at the beginning, today, Amity supports nine schools spanning from primary school to high school, with the aim of promoting equal education and high-quality special education.

Inclusive education helps disadvantaged groups and groups with special needs, including children with hearing impairment, visual impairment, extremity disability, mental disorders, special diseases and left-behind children, to have equal participation in society and achieve self-realization, so as to achieve social diversity. Their inclusion into mainstream society is a two-way process and requires joint efforts of both sides. Amity Inclusive Classroom Project promotes the hardware and software facilities for barrier-free environments through supporting inclusive education and special education, capacity building, subsidies to needy groups, and medical rehabilitation to help these groups develop better self-reliance and integrate into society.

Amity's inclusive education, deaf culture workshops, central and western China home education and special education teacher training, vocational training for teenagers with disabilities, and independent walking for people recovering from leprosy, together promote social inclusion and barrier-free communication and pursue the goal of "equality, participation and sharing". In Jiangsu, Amity Inclusive Classroom introduced sign language courses and social sign language training courses to universities and companies. At the invitation of Nanjing Public Security Bureau, Amity Inclusive Classroom Project recorded the sign language version of telecom anti-fraud video. The project team arranged for sign language volunteers to guide and accompany children from deaf families to improve parent-child relationship. In Sichuan, the project's "capacity building for visiting teachers" training provided home services to more than 200 students with multiple disabilities throughout the year. Amity's "vocational training for teenagers with disabilities" cooperated with special education schools offered courses like batik, embroidery, pottery, clay sculpture, silver jewelry, bamboo weaving, Qiang embroidery and Qiang ethnic cuisine.

## Papa and Mama's Canteen

By the end of 2022, the project had completed four phases, benefiting 27 provinces and autonomous regions including Jiangsu, Hebei, Hunan, Jiangxi, Fujian, Guangxi, Sichuan, Gansu, Yunnan, Hubei, Inner Mongolia, Ningxia, Shaanxi, Liaoning, Guangdong, Xinjiang, Tianjin and Chongqing. Under the project, Amity provided more than 1.5 million free lunches for about 10,000 needy elderly people in 37 cities.

In Nanjing, the project had been in operation for nearly nine years since its launch in December 2014, funding more than 70 social organizations in Nanjing to set up more than 150 canteens for more than 4,000 elderly people with dining difficulties. In addition, the project provided other professional assistance for the elderly.

The full name of the project is "Amity Papa and Mama's Canteen Community Care Plan for the At-risk Elderly". It was launched by the Amity Foundation and Alibaba Charity in December 2014. With professional social workers on site, the project offers help to the elderly living alone or with disabilities in the communities through its free meal service, in doing so improving their overall quality of life. With active participation by community social organizations and volunteers, the project carried out diversified social work and volunteer services, caring for the elderly and creating friendly communities for them.

Our care starts from a warm meal

## Golden Years Care Plan

In May 2022, the first Family for Golden Years opened in Nanjing, Jiangsu Province. By the end of the year, 43 golden years homes had been completed across the country.

Golden Years Care Plan was first initiated online by the Amity Foundation as an Internet crowdfunding project in 2019. In 2022, Amity decided to upgrade the plan from material distribution to integrated services. Since then, Amity had been working with local social organizations to build "Golden Years Care Home" to provide activities and space for the elderly in their surrounding communities, with the aim of improving their life quality. At the same time, Amity started capacity building for local social organizations involved in the plan, to promote the development of local services for the elderly.

In June 2022, the first "Family for Golden Years" officially settled in Nanjing, Jiangsu Province, and the awarding ceremony of the creation base of the Amity Charity Calligraphy and Painting Institute was also held in Amity Philanthropy Valley

## Rural Revitalization Health Care Development Program

In 2022, the program provided medical equipment for 118 clinics in six provinces (autonomous regions) including Guangxi, Hebei, Qinghai, Jiangxi, Sichuan and Shaanxi, renovated and reinforced 189 clinics buildings, and held 80 training sessions for village doctors.

The Rural Revitalization Health Care Development Program was designed and initiated jointly by the Amity Foundation and Alibaba Charity targeting the public health situation in underdeveloped areas of China. The program aims to improve the quality of the three-level rural medical and healthcare system through renovation of rural clinics, provision of medical equipment, and training of village doctors in underdeveloped areas. This consolidation of basic public healthcare network enables the sustainable development of rural medical care.

Renovated village clinics under the support of Amity

## Sprouts on Earth

The Sprouts on Earth Maternal and Child Healthcare Action is a sustainable development action for rural revitalization cooperation between the Amity Foundation and Alibaba Charity. Cooperating with local governments, grass-roots medical systems and experts, Amity provides necessary support for pregnant women and infants in underdeveloped regions in the early 1,000 days of life through thousand-day service and health A+ training camp. At the same time, Amity emphasizes the training of grass-roots medical workers and strives to drive more social forces to the rural health and medical system. Individual develop helps drive the overall development of rural healthcare resulting in rural revitalization and a healthy society.

In 2022, Sprouts on Earth raised a total of about RMB 11.23 million, helping about 632,000 women at childbearing age in 15 counties of 7 provinces, including Qinghai, Yunnan, Guizhou, Sichuan, Gansu, Guangxi and Jiangxi, to receive pregnancy and childbirth public health support. In total, 18,434 nutrition kits were distributed, 10,348 families in difficulties received maternity kits, 50,949 people attended Amity's nutrition training, and Amity engaged grass-roots medical workers to carry out health and growth monitoring of pregnant women, infants and young children on a continuous basis.

In addition to direct support, Amity offered 209 training sessions for grass-roots women and pediatric specialists, carried out 358 community education sessions, and distributed 1,492 sets of portable diagnosis tools to village clinics. Hardware support, grass-roots medical worker training and villagers' awareness-raising together propelled rural health improvement. To help reduce maternal and infant mortality rates, Amity donated 92 sets of urgently needed medical equipment such as maternal and child monitors, breast milk analyzers, and newborn incubators to grassroots medical
